Date 2018-05-09 11:20

NASI-SCOPUS YOUNG SCIENTIST AWARDS 2018

The NASI – Scopus Young Scientist of the year will receive:

- A citation & a plaque
- Cash prize of INR 75,000

Awards will be given in the following 5 areas of Science, Technology & Medicine:

- Women in Science
- Agriculture, Plant Sciences & Rural Development
- Environmentally Sound Sustainable Development
- Biomedical Research & Healthcare
- Innovation in Engineering & Physical Sciences

The last date for physical receipt of the application is 30th June 2018.

• This year NASI Scopus Awards has **introduced 5 multi-disciplinary categories** that are aligned with national missions of **Make in India, Digital India, Healthy India and Clean India**. If your research (both basic and applied) is empowering or can be a helpful technological tool for the above mentioned national missions, do not forget to mention it in your application as it can give your application an additional weightage
