## PROLOGUE

Gandhigram was born in 1947. A team of dedicated disciples and contemporaries of Gandhiji, Dr.T.S.Soundram and Dr.G.Ramachandran, developed Gandhigram, the home of many rural development programmes.

The Gandhigram Rural Institute (GRI) was founded in 1956. With undying faith and deep devotion to Mahatma Gandhi's revolutionary concept of "Nai Talim" system of education, the Institute has developed academic programmes in Rural Development, Rural Economics, Extension Education, Rural Oriented Sciences, Cooperation, Political Science and Development Administration, Rural Sociology, English and Communicative Studies, Tamil and Indian Languages, Agriculture and Animal Husbandry, Sanitary Science, Geology, Geo-Informatics, and Rural Industries and Management. Students who emerge from its portals tend to meet the professional manpower needs for rural development under various governmental and non-governmental schemes.

In addition to teaching, the other two dimensions such as research and extension were added in the course of time. This triangular approach became a pioneering rural development model which earned appreciation from all over the country.

The works of the Institute attracted the national attention and the Ministry of Education, Government of India (GOI) on the recommendation of the University Grants Commission, (UGC) conferred the status of a Deemed University on the institute under Section (3) of the UGC Act of 1956, on 3<sup>rd</sup> August 1976.

Today, it has become a nationally and internationally recognized University for its contribution to rural higher education, so much so that the New Education Policy of the nation reflects the principles evolved here in developing the rural university concept. Started in a small way, the Institute has developed into a big educational complex, comprising seven different faculties, offering about fifty different programmes.

*\*The GRI has hostels for both girls and boys in the campus. The boy's hostel has four different blocks, namely – Dr. S.Radhakrishnan Hostel, Sri. R.Venkataraman Hostel, Dr. Zakir Hussain Hostel and the Research Scholars' Hostel. The ladies hostel has five blocks such as Dr. Soundaram Illam, Kannagi Illam, Andal Illam, New block and Hostel for Working Women.*

The hostels are provided with facilities for dining, entertainment, in-door games and internet browsing. The common amenities such as health centre, gym and fitness centre and cooperative stores are located close-by to these hostels in order to cater to the needs of the inmates staying in the hostels. Community living and sharing the existing minimum infrastructure are the basic principles of hostel life in the GRI campus.

The Hostel Manual (HM) provides comprehensive information about hostel management, covering rules and regulations, roles and responsibilities of different personnel in management of hostels of GRI.
