ANNUAL REPORT

July 2020
-
June 2021

INAUGURATION

The Inauguration of the first academic block of GRI by Pandit Jawaharlal Nehru on 8th Dec, 1957 by symbolically ringing the bell

BECOMING A DEEMED UNIVERSITY

Duly witnessing the phenomenal contribution of GRI in various aspects of rural empowerment, during 1956-76 the Govt. of India conferred the status of a Deemed University on GRI under Section [3] of the UGC Act of 1956 on 3rd August 1976.

One of the major challenges is the restructuring of our educational system. The experience of Gandhigram will be useful in this

- Smt. Indira Gandhi (1976)

Vision

Promotion of a casteless and classless society through instruction, research and extension

Mission

Providing knowledge support to the rural sector to usher in a self-reliant, self-sufficient and self-governed society

Executive Summary

Introduction

The Gandhigram Rural Institute (GRI) traces its origins to 1947, the year of India's independence. Gandhigram, a village purposely named after the father of the Nation, was established by a team of disciples of Babuji, led by Dr.T.S.Soundram and Dr.G.Ramachandran with a view to providing higher education to the rural youth and to train them as social engineers who would serve the rural masses and contribute to the reconstruction of rural India.

The Gandhigram Rural Institute (GRI) was established in the year 1956, under the auspices of the National Council for Rural Higher Education (Ministry of Human Resource Development / Ministry of Education, Government of India) as one of the 11 Rural Institutes established in various parts of the country. Right from its inception, GRI has founded its educational principles on the revolutionary concept of *Nai Talim*, a new system different from the mainstream of western higher education in India, with extension as the central focus, linking teaching and research.

While all the other 10 rural institutes got affiliated to their neighbouring universities, GRI established its name by steadfastly pursuing its mission of taking higher education to the rural masses. This Institute has its genesis in the extension programmes conducted in the rural environs which made extension as the pivotal component of education.

GRI, since its inception, has been rendering yeomen service by empowering the rural populace through educational and extension services. The educational model blended with Gandhian ideologies was recognized as a pioneering practice to educate and train social architects for integrated rural development. In recognition of its noble and relentless services rendered in the realm of the triangulated dimension of higher education, namely, teaching, research, and extension, GRI was conferred with the status of a Deemed to be University in August 1976 by the University Grants Commission. The Institute is governed by the Ministry of Education, Government of India, and is fully funded by the University Grants Commission, New Delhi.

The curricular model developed at GRI integrating teaching, research and extension earned the Institute the status of a Deemed to be University in 1976, from UGC. GRI was one among the two universities in Tamil Nadu accredited with the Five Star Status by NAAC in 2002 (1st Cycle). Subsequently, it was accredited with 'A' Grade in the 2nd and 3rd cycles in 2010 and 2016 respectively. In the NIRF ranking ladder, the institute was placed in the rank band 101-150 among universities of the country in NIRF 2021, GRI has been ranked 91st in 2020, 75th rank in 2019, 79th rank in 2018 and 91st rank in 2017 among universities.

The functional framework of GRI is deep-rooted in Gandhian ideologies of education and extension and its core objectives are: *to provide instruction and training in such branches of learning as will promote a classless and casteless society; to provide for research and advancement and dissemination of framework; and to function as a centre for extension work leading to integrated rural development.*

GRI has eight Schools, sixteen Departments, Sixteen Centres, Library Science and DDU-Kaushal Kendra. Under this academic setup, 83 academic programmes from Diploma to M.Phil level, besides the doctoral programmes. As per statutory requirements, select programmes offered by GRI are approved by AICTE and NCTE.

The quality of teaching and learning at GRI is assured by 122 well-qualified, experienced and committed faculty members. The vigour of research on campus is promoted by 486 research scholars and 4 post-doctoral fellows. As many as 106 permanent non-teaching and technical staff offer support to teaching, research and extension activities. 116 Adhoc teachers are also appointed to meet the needs of the ever increasing student strength.

The Gandhigram Rural Institute (Deemed to be University) – Annual Report (2020-21)

Academic Programmes

The curricular design of the programmes offered at GRI pivot on core and allied skill development of the graduating students with due provisions to imbibe social and cultural values and help the students emerge as social architects. The institute is determined to develop socially responsible and professionally competent graduates to meet the demands for human resources in educational, industrial, research and development and social service sectors. The institute offers mandatory value-based courses on “Gandhi’s Life, Thought and Work” and “Gandhi in Everyday Life” in order to implant Gandhian values in the younger generation.

During 2020-2021, GRI offered 20 M.Phil. programmes (one year), One PG (3 years), 20 PG (2 years), 6 PG Diploma (one year), 2 Five-year Integrated, 5 UG (4 years), 11 UG (3 years), 8 B.Voc. programmes (3 years), 4 Diploma (2 years), One Diploma Programme (one year), 2 D.Voc. Programmes (1 year), and One Certificate Course apart from B.Ed. and M.Ed. Programmes. The Institute follows the Choice Based Credit System (CBCS) regulations of the UGC. Out of the 1088 students who appeared for the End Semester Examinations, 1012 students passed, constituting a pass percentage of 93. The number of Ph.D. degrees awarded during the year was 102. The institute has been following the semester examination pattern since 1976. The Choice Based Credit System (CBCS) is in practice since 1996.

Admission

Gandhigram Rural Institute adopted online admission system and was able to reach graduating aspirants from across the country and beyond, during 2020-2021. The number of applications received through online registration was 25334 and 22552 eligible applications against which 1721 students were admitted to various academic programmes offered during the year. As in the previous years, female students have outnumbered male students. Though the majority of enrolled students are from Tamil Nadu, GRI has also attracted students from other states of India, namely the Bihar, Kerala, Manipur, Rajasthan, West Bengal and Telengana. The enrolment for M.Phil. and Ph.D. programmes was 07 and 62 respectively. GRI follows the reservation policy of the Government of India as well as the norms laid by UGC. Admissions are strictly based on merit.

Funded Research Projects

Funded projects are a functional entity of the research culture and climate of a higher educational institution. The faculty members of GRI submitted 34 project proposals to funding agencies, namely, UGC, DST, CSIR, ISRO, BRNS, IRMA, ICSSR, RGNID, DRDO, DBT, ICMR, PCRA, KSCSTE, NISE, AICTE, MNRE, NBHM and State Planning Commission, Tamil Nadu with a total budget outlay of Rs. 14.40 crores. A sum of Rs. 98.6 lakhs have been received during the period under report.

At the department level, six departments have received funds under UGC-SAP and four departments under DST-FIST (Level I & II).

Conferences / Workshops / Seminars Organized

Being a vibrant educational and research hub, GRI regularly organizes a number of programmes to create platforms for knowledge sharing and dissemination on the latest trends and technologies. During the year under report, 96 International / National / State / University / College level Programmes were organized viz., 1 International Conference, 7 International Webinars, 2 International Symposiums, 1 International Faculty Development Programme, 22 National Level Webinars / Seminars, 2 National Level Workshops, 2 National Level Symposium, 11 National Level Training / FDP / Orientation programmes, 31 National Level Special lectures / brainstorming / other programmes, 1 State level Workshop, 5 State level Webinar / Seminar, 3 State level Special lectures / brainstorming / other programmes, 3 University level Special lectures / brainstorming / other programmes, 2 University level Webinar / Seminars and 3 College level Special lectures / brainstorming / other programmes. Nearly 15,607 participants, covering faculty members, scientists, research scholars, and students have benefitted through these programmes.

Participation in Conferences / Seminars/ Workshops / Faculty Development Programmes

The faculty members are encouraged to augment their domain knowledge, share and upgrade their expertise by participating in academic and research platforms. They have participated in 229 such programs and have presented 27 research articles. Towards knowledge dissemination, faculty members delivered 244 keynote address and invited lectures.

The Institute periodically arranges faculty development programmes and workshops aimed at quality enrichment. 07 Faculty members have attended Refresher Courses, 09 faculty members attended Orientation Programmes, 07 faculty members attended Short Term Courses and 22 faculty members attended Faculty Development Programme conducted by Human Resource Development Centres of various universities.

Research Publications

Research is an important dimension of higher educational institutions. In this regard, GRI is putting in its best efforts to enhance its visibility through quality research publications. The faculty members have brought out 269 publications in reputed and refereed journals, including those listed by the UGC during 2020-2021.

The bibliometric details of the publications up to 2022 are: 2737 Scopus (h-index: 84) and 2052 by Web of Sciences (h-index: 79). Additionally, 54 Conference Proceedings, 13 books, 3 edited books, 41 chapters in books, and 2 monographs have been authored by the faculty members. GRI promotes research publication culture among the researchers through its two journals, namely, *Journal of Extension and Research* (ISSN: 0972-351X) and *Gandhigram Literary Review* (ISSN: 2278-8190).

Visits Abroad & International Associations

The quality of research in GRI has been opening up newer avenues for collaborations/associations with Universities/Colleges overseas.

Research Fellowships

A total of 80 research scholars received funds under UGC-RGNF, UGC-MANF, UGC-EMERITUS, UGC-DSRPDFHS, UGC-SGC, UGC-PDFSS, UGC-PDFWM, UGC-JRF, UGC-SRF, CSIR-SRF, UGC-BSR, UGC-SVSGC, DST-PDF, DST-Inspire, ICSSR-PDF, ICMR and other schemes.

MoUs and Collaborations

In 2020-21, GRI has signed 5 MoUs with reputed educational institutions/ organizations in addition to 59 on-going collaborations.

GRI has signed an agreement with National Database Management Limited (NDML) for uploading the students' credentials in the National Academic Depository (NAD). During the year 2020-21, 1341 students have registered on NAD for which a link is provided in the Institute's website. As on date, 6042 students of GRI have registered in NAD.

Extension Programmes

The extension and outreach activities aimed at integrated rural development are the prime pillars of GRI. For this purpose, Village Placement Programmes (VPP) and Extension Activities are amalgamated suitably into the curriculum of all the programmes offered at GRI. The VPP greatly enables the GRI staff and students to get hands-on experience on the problems and challenges of rural life.

In view of Covid-19 situation students were not placed in the villages as part of Village Placement Programme (VPP) during 2020-21 academic year. However, designed a process and obtained data from the students on their awareness of rural issues. It is considered as methods for "Experiential Learning"

which is the prime goal of Village Placement Programme (VPP). The UG and PG students who were studying third semester during the academic year 2020-21 have participated in the survey. The survey was conducted on-line during December 2020. In this section of the Report, data on the level of awareness of the students on rural issues is presented. The survey was conducted as on-line and 817 students studying in third semester during July-December 2020 have participated.

As a national recognition, the Ministry of Rural Development, Ministry of Panchayati Raj and Ministry of Drinking Water and Sanitation of the Govt. of India have recognized GRI (DU) as a National Level Monitor (NLM).

Unnat Bharat Abhiyan

During 2020-2021, nine villages from three Taluks, covered under the Unnat Bharat Abhiyan (UBA) programme of the Government of India. Activities aimed at the upliftment of villages were carried out during these programmes. The students and the staff were engaged in various rural development oriented activities during VPP. As part of the extension activities, students were involved in various activities, namely, *Shramadhan*, afforestation, anti-plastic campaign, baseline surveys, and awareness campaigns on health, sanitation, hygiene and other social issues.

Sports, Games & Yoga

To encourage and foster sports and games among the students of GRI, the Centre for Physical Education and Yoga trains the students for intra and intercollegiate sports tournaments. A course on *Sports and Games* is being offered as a foundation course for all UG students. Yoga Education is a non-credit mandatory course for the first year students. The sports teams of GRI won a number of sports/games tournaments at the state and the regional level.

Awards Won by GRI

GRI received Certificate for Perennial Assistance Award of Rs.1,75,000/- for effective delivery of UBA mandate under national level competition among all participating Institutions of UBA on 15th August 2020 by UBA National Coordinating Institute, IIT Delhi.

Awards Won by Faculty

Ten faculty members have received awards for their substantial contribution in the arena of Higher Education in terms of academics, research and extension.

Governance

The Honourable Union Minister of HRD, GoI, is the Chairman of the GRI Society. In 2020-21, a meeting of the Board of Management, the Planning and Monitoring Board, the Academic Council, the Finance Committee and the GRI Society meeting were held.

Finance

During the FY 2020-2021, GRI received Rs.64,81,00,000/- under maintenance grant and which the expenditure was Rs.72,34,91,554/-.

Summing Up

GRI is constantly making its mark in every sphere of teaching, research and extension. Its credentials, recognitions, accomplishments and action-packed strategic plans would undoubtedly facilitate the institution to attain heights of excellence and reach new horizons of quality assurance and sustenance in higher education.

Academic Programmes

A. Ph.D. programmes

B. M Phil. Programmes

1. M.Phil. Tamil
2. M.Phil. English
3. M.Phil. Rural Development Studies
4. M.Phil. Economics
5. M.Phil. Development Administration
6. M.Phil. Gandhian studies and Peace Science
7. M.Phil. Development Sociology
8. M.Phil. Research & Development
9. M.Phil. Women's Studies
10. M.Phil. Chemistry
11. M.Phil. Computer Science
12. M.Phil. Education
13. M.Phil. Mathemaics
14. M.Phil. Physics
15. M.Phil. Botany
16. M.Phil. Zoology
17. M.Phil. Microbiology
18. M.Phil. Home Science
19. M.Phil. Geology
20. M.Phil. Futurology

C. Post Graduate Programmes (Four Semesters)

1. M.A. Tamil & Indian Literature
2. M.A. Hindi
3. M.A. English & Communicative Studies
4. M.A. Rural Development Studies
5. M.A. Gandhian studies and Peace Science
6. M.A. Economics
7. M.Com. Cooperative Management
8. M.Sc. Mathematics
9. M.Sc. Physics
10. M.Sc. Chemistry
11. M.Sc. Food Science and Nutrition
12. M.Sc. Home Science Extension and Communication
13. M.Sc. Textiles and Fashion Design
14. M.Sc. Botany
15. M.Sc. Zoology
16. M.Sc. Microbiology
17. M.Sc. Applied Geology and Geomatics
18. M.Sc. Geo-informatics

D.5 Year Integrated Programme (Ten Semesters)

1. M.A. Development Administration (5 Year Integrated)
2. M.A. Sociology (5 Year Integrated)

E. PG Diploma Programmes (Two Semesters)

1. P.G. Diploma in Spatial Technologies
2. P.G. Diploma in Applied Gerontology
3. P.G. Diploma in Sanitary Inspector's Course
4. P.G. Diploma in Epigraphy
5. P.G. Diploma in Yoga Education
6. P.G. Diploma in Sustainable Social Development

F. Under Graduate Programmes (Six Semesters)

1. B.Com. Cooperation
2. BBA
3. B.A. Economics
4. B.Sc. Mathematics
5. B.Sc. Physics
6. B.Sc. Chemistry
7. B.Sc. Home Science
8. B.Sc. Textiles and Fashion Design
9. B.Sc. Geology
10. B.Sc. Computer Science
11. B.Sc. Microbiology

G. Professional Courses (AICTE / ICAR / UGC / NCTE Approved)

1. B.Tech. Civil Engineering (8 Semesters)
2. B.Tech. Civil Engineering (Lateral Entry - 6 Semesters)
3. M.Tech. Renewable Energy
4. B.Sc. Agriculture (Hons.) (8 Semesters)
5. MCA (6 Semesters)
6. MBA
7. B.Ed. (4 Semesters)
8. B.Sc., B.Ed. (Mathematics - 8 Semesters)
9. B.Sc., B.Ed. (Physics - 8 Semesters)
10. B.Sc., B.Ed. (Chemistry - 8 Semesters)
11. M.Ed. (4 Semesters)

H. Skill Based Programmes

1. B.Voc.- Farm Equipments Operation and Maintenance
2. B.Voc.- Footwear and Accessories Design
3. B.Voc. - Renewable Energy
4. B.Voc. - Multimedia Production Technology
5. B.Voc.- Food Processing
6. B.Voc. - Food Testing and Quality Evaluation

		National/ International		
Dr. A Thahira Banu, Department of Home Science	A Nutritional Rich Chocolate Composition	National	Awarded	Patent No.346611 11.09.2020
Dr. K. K. Satheesh Kumar, Department of Chemistry	An Efficient Anode Backfill Based on Ion Conducting Paste and a Process Thereof	National	Awarded	Patent No.285572 / July 2017
Dr.V.Kirubakaran, Centre for Rural Energy	Method for Evaluating Liquid Dielectric Characteristics and Feasibility of Pongamia Pinnata Oil as Liquid Dielectrics	International	Granted	Appl. no. 2021100929 Dt.18.02.2021
Dr.T. Kalaiselvi, Department of Computer Science	An Image Processign for Artificial Neural Network using a Novel-e-Tanh Activation Function	National	Filed	202141005055 / Docket. No.10597 Dt.05.02.2021
The Gandhigram Rural Institute (GRI)	Design Application	National	Filed	330931-001 CBR. No.: 11724 10.07.2020
Dr.P.Shanmugavadivu, Department of Computer Science	Adaptive Performance Oriented Medical Imaging System	National	Filed	201941027396 09.07.2019
Dr.R. I. Sathya, Department of Home Science	System and Method of Apparel Pattern making using scalable vector graphic filters	National	Filed	App.No:201641022083 / 28.06.2016 and December 2017
Dr.S.Abraham John, Department of Chemistry	Colorimetric Metric detection of Endosulfan using 3 Amino – 5-Mecapto-1,2,4 – Triazole Capped Gold Nanoparticles (AMTR-AUNPS)	National	Filed	(App.No:201641022088 / 28.06.2016)
Dr.K.Jayakumar, Department of Physics	Histogram Based Vibration Signature Analysis for the Detection of Ball Bearing Defects non-deductive method invented to find the wear and tear of ball bearing	National	Filed	Docket No. : 9591 CBR. No. : 5833 Ref. No. : E-2 / 936 / 2015-CHE Appl. No. : 1533 / CHE /2015

Extension through Community Outreach

The Gandhigram Rural Institute (Deemed to be University) is being fully funded by the Ministry of Education, Government of India. The UGC, New Delhi has developed academic programs in rural development, rural economics and extension education, rural oriented sciences, co-operation, development administration, rural sociology, English, Tamil and Indian languages. The institute is also offering Engineering, Technology related academic and vocational educational programs.

Gandhigram Rural Institute (GRI) is quite active on both campus and off campus (rural areas) in the vicinity, for mutually benefitting and enriching one another. Besides, its contribution in teaching, from Pre-primary, certificate, diploma, degree and all the way to Post-doctorate levels. The Institute applies the learning from both scientific and social research to solve contemporary rural problems. The curriculum is a combination of theoretical, practical and extension approaches. The Institute has become home to many pioneering models of rural development programmes. The students and scholars who emerge from its portals tend to meet the personnel needs of rural development programmes under various governmental and non-governmental organizations.

The three dimensional approach of higher education namely teaching, research and extension has become a highly celebrated model, earning global and nationwide appreciation. Started in a small way the Institute has evolved into a reasonably large and expansive educational complex comprising of 8 schools, 16 departments and 12 Centres offering various academic and also vocational programs, ranging from certificate courses, to Graduate programmes to Doctoral and post-Doctoral Programmes.

The curricular model developed at GRI organically integrating teaching, research and extension components has earned the Institute, the status of Deemed to be University in 1976 by UGC, the five-star status by NAAC in 2002, 'A' Grade during the re-accreditation in 2010 by NAAC and 'A' Grade in its third cycle of reaccreditation in the year 2016.

Thus the Institute has been taking efforts to design its academic programs in tune with the demands of the society and industry by providing a learner-centric, transparent teaching and evaluation methods. Through the action-oriented research and scientific research, the Institute contributes substantially to the research domains and concentrates on solving the rural issues at micro levels. The participatory and decentralized governance of Gandhigram Rural Institute strives for achieving global standard of excellence in all the dimensions of education without compromising on its rural character and Gandhian values.

In the context of sustainable development, rural extension has a very essential role to play. The responsibilities of Extension Service Providers (ESP) need to be comprehensive and holistic in contents and scope. It is more than the technology transfer. It normally aims at the task of disseminating appropriate technologies and good practices.

Higher Education Institute (HEI) as an Extension agency need to exercise a more proactive and participatory role and serve as Knowledge and Information "Providers", initiating and facilitating mutually meaningful and equitable knowledge-based transactions among community, researchers, trainers, and other stakeholders. The new trends and developments to be integrated in rural extension are concerned with the fields of

- **Approaches and Methods:** Participation and other new approaches in adult education, farmer field schools, market orientation and value chains, livelihood concepts, knowledge and innovation systems;
- **Structures and Organizational Issues:** Privatization, decentralization, partnership and new dynamics in rural development;
- **Extension Aids and Media Use:** Ongoing digitalization, digital photography and video, classical internet services, including search engines, web services, opening up new dimensions of access to information, of e-learning and distance learning, and of networking among professionals as well as among clients.

In this context, it is pertinent to have an understanding of the field level experiences which the GRI as an Extension Service Provider (ESP) managed the Extension Services during 2020-21 academic year. It is an extra ordinary situation during 2020-21 due to the COVID-19 situation and resultant lock-down for a long period. It is a major challenge for the GRI to take anything to the field level. Hence, there were few initiatives taken up during 2020-21 to reach the village community and also educate the

students on the rural issues. The following three sections provides the attempts made during the year 2020-21.

Section-1: Awareness of the GRI's Students on Rural Issues

In view of Covid-19 situation students were not placed in the villages as part of Village Placement Programme (VPP) during 2020-21 academic year. However, designed a process and obtained data from the students on their awareness of rural issues. It is considered as methods for "Experiential Learning" which is the prime goal of Village Placement Programme (VPP). The UG and PG students who were studying third semester during the academic year 2020-21 have participated in the survey. The survey was conducted on-line during December 2020.

In this section of the Report, data on the level of awareness of the students on rural issues is presented. The survey was conducted as on-line and 817 students studying in third semester during July-December 2020 have participated. The major findings and inferences are given below:

Profile of the Students

- A majority (73.9%) of the students have come from Rural area. A large majority of the students (56.8%) are from backward community followed by Scheduled caste (22.3%) families.
- A considerable number of students are from the families which depend on daily wage income (42.8%) followed by families involved in agriculture (20%). However, a considerable number of students have come from families depend on income from salary and business.
- About 12.4 per cent of the students are first generation to go for higher education as their parents are illiterates. About 42 per cent of the students have come from landless families.
- About 54 per cent of the students have come from a long distance i.e, above 50 kilometers from GRI Campus. At the same time about 45 per cent of the students are located at place which less 50 kilometers from GRI Campus It may be understood that the GRI is serving to the educational needs of the people who are living around the campus.

The profile of the students reveals that a large majority of rural students are studying in GRI. Likewise, opportunity provided for more of SC and Backward Caste students. Thus, the GRI is working towards inclusive development. As the Institute is providing education to the children from the families depend on wage earning and farming as their livelihood. It implies that the poor are enabled by the GRI to get access to the higher education. It is also noticed that about 12 per cent of the students are with illiterate parents which implies these students are "first generation" to step into higher educational institution. It is also noticed that about 68 per cent of the parents who have completed only school level education. It implies that the GRI has given platform to the less endowed families to have access to higher education.

Entry of the student into GRI

The survey covered some important aspects about the source of information about GRI and what are the factors that made the students to join for the higher studies in GRI.

Students' Motive to join the GRI

The students have enlisted some the important factors which motivated them to join in the GRI for their higher education, they are

- Availability of more facilities such as laboratories, library, hostels and playground
- The institute is under the Central Government administration
- The Institute has well experienced Professors
- The student -centered system followed that include - Gurukula system, Best Coaching, Ragging free campus, Integrated Programmes (UG and PG, B.Ed)
- Best place to pursue Post-Graduate programme at less expenditure
- Opportunities for extra-curricular programmes - like, Shanti Sena and Sports

Students' Expectations from GRI

In the survey the students have suggested for improving some services and include few facilities in the GRI. Mostly they are related to aspects such as

- Building communication skills among students
- Campus interview for various programmes
- Career guidance and Counseling to achieve the goal
- Remedial Coaching to help the students in slow pace of learning
- Research oriented teaching for PG students, to facilitate a career in the scientific research

Mostly the rural students came to know about the GRI through Newspaper, School Teachers, Friends and Relatives. However, one of the major sources of information about GRI is happened to be the alumni (old students).

Students' Awareness of Facilities in the Villages

The survey attempted to know the awareness of the students about the facilities available in their villages. The survey reveals that they are aware of the common facilities available in their village and nearby area, they are such as

- Mostly students are aware of the common facilities - drinking water facilities, Post office, Hospital, Police station, Polling Station (for election)
- They are also aware of the existing Anganwadi, Library, Market, Medical Shop, Milk Collection Unit, Bank branch

The students are aware of the common facilities available in their area. It implies that they might have used these facilities available.

Students' Awareness on rural issues problems

According the responses provided by the students, the major issues and problems in the villages are

- Lack of Health Care facility, at the reachable distance
- Lack of adequate Toilet facility
- Lack of adequate drinking water supply or 24 hours water supply
- Lack of proper road (black-top road)
- Lack of drainage facility

Apart from these issues, the students are aware of the social issues and problems which are experienced by them in their village, they are

- Child Marriage and abuse
- Caste discrimination
- Wage discrimination - particularly for women labour

The Government, NGOs, CBOs, Panchayats and other agencies have taken some of the initiatives and steps in order to solve the major issues and problems.

- Government has appointed a doctor / health worker / nurse to visit the villages at frequent to identify the health issues and provide appropriate treatment at initial stage of the diseases.
- Gram Panchayat has built Integrated women sanitary complex to support the women to cultivate the health hygienic practice among the village women
- Gram panchayat has made provision to build the houses through Government Free Housing Schemes at free of cost to the SC/STs
- Panchayat Raj Institutions and other stakeholders have created the awareness on social issues such as child marriage and abuse, gender sensitization programmes among the village people.
- Government along with other stakeholders (NGOs / CBOs/ VOs) have created adequate awareness among the villages people about the Gender equality and equity.
- Gram Panchayat has made facilities to provide drinking water at the door step (Individual and street tap)
- Government and other stakeholders have taken appropriate action against the plastic use which completely banned the plastic carry bags usage at village level.
- Gram Panchayat has created awareness and training about the rain water harvesting and waste management (solid waste management)
- Formation of NGOs to support the women for financial stability and empowerment
- Gram Panchayat has made provision to provide all eligible villagers to employment through MGNREGS
- Gram Panchayat has taken steps to create community assets through MGNREGS
- Government has steps to sort-out the one of the major issues of transformation through Mini Bus service to cover all the remote villages which are connecting other major transportation service.

Students' Suggestions to solve the problems in villages

The students of GRI have suggested to solve the issues and problems which exist in villages. The suggestions are

- Create adequate social awareness among the village people and also provide skills upgradation training to enable their economic freedom
- The liquor shops should be removed from the society to solve the social evils
- Implementation of the Government Schemes and Programmes with the consultation of the people well in advance
- Promote the health hygienic practices among village people through providing awards and rewards and appreciation
- Promote in administration with transparency and accountability at all level
- Gram Panchayat activities should be strengthened with adequate funds and power, the people should be acted as key players which can be done through proper communication like display the grants received and spending details

Precautionary measures taken in villages during COVID-19 situation

The students have observed that during the Covid-19, village people have taken precautionary measures to protect their family and society by following the Stand Operating Procedure [SOP] released by Government of India. The precautionary measures taken and followed are

- Using Mask, Sanitizers, Social Distancing
- Practicing the conventional method which consisted the herbal leaves and other ingredients like ginger
- Conventional food have taken to generate the immunity
- Using the Bleaching powder throughout the villages
- Frequently body temperature checked
- Avoid frequent visit of outside

Impact of COVID-19 in the Village

The students have noticed the some impact due to the Covid-19 situation in their villages. They are

- Unemployment
- Closure of Educational institutions have completely affected the entire system of education
- It created the distrust of others and always in fear
- It made changes in habits particularly food habit and physical
- It increased the stress level while staying at home always
- It made the food shortage
- It made the climatic condition/ pollution free environment
- It has made the opportunity to spend a lot of time with the family members and strengthen the fondness of the family connection
- It reduce the family expenditure

The preceding discussion reveals that the students are well aware of the situation around them in the village level. They are also enable to suggest alternatives to address the situation in the rural area. The exposure given to the students in the first year of their studies could enable them to understand the rural issues and situation.

Section -2: Covid-19 Lock-Down and its Effects on the School Children - A Micro-Level Study

With the out-break of Covid-19 and resultant lock-down situation, the daily routine of the students and their behavior might have been affected. In this background, an attempt is made to understand the awareness of rural students' in the present living environment and also adoption of certain precautionary measures to avert infection by COVID-19. The focus of the study was to identify and analyze the effect of the COVID-19 among the rural school students. Who are studying at Secondary and Higher Secondary levels. Study has attempted to bring out, how far the students are able to respond to the situation? and how they learned to cope-up with situation in terms of their awareness on COVID-19. Precautionary steps followed as suggested in the COVID-19 Protocol and SOP. The study was an exploration of the existing situation in the villages, particularly how far the rural school students are able to face the pandemic situation with given socio-economic settings.

The study conducted among 300 school going students. Specifically students were selected from the Secondary level (9th and 10th standard) and Higher Secondary level (11th and 12th standard) in the selected villages of Dindigul District during the lockdown period. The sample respondents were drawn in selected seven villages that are- Chettiapatti, Valaiyapatti, Samiyarpatti, Annanagar, Thoppampatti,

Eranagampatti and Kalikkampatti of Dindigul District, Tamil Nadu. Samples selected based on the stratified sampling [with replacement method] by taking class in the school as stratum. These villages are service villages of the Gandhigram Rural Institute and also serve as Social Laboratory.

Major Findings and Conclusions

- Majority (71 percentage) of the students have come from the families which were depend on wage income; Only about 17 percentage of the students have come from the families which eke their income from auto driving, retailing, cafeteria. However a small number (11%) of families were eking their livelihood from farming.
- The study revealed that only 38 per cent of Boys and Girls have been wearing a mask while going outside; likewise 35 per cent of the Boys and Girls have followed the system of covering mouth while coughing. However, it is observed that only few Boys and Girls (16.6%) have been frequently washing hands and face. It is also noticed that only a few Boys and Girls (10%) have followed the system of keeping social distance from others.
- The students of the BC community have given high priority for washing hands and face frequently (56%) and also wearing mask when they were going outside from home (55%). The students of MBC community have given priority for washing hands and face frequently (28%) and covering mouth while coughing (27%). The students of SC community have given much priority for keep social distance with others (60%) and also for covering mouth while coughing (43%).
- The study reveals that majority (71%) of the students from the wage income depending families have given high importance to all four preventive measures, they are - covering mouth while coughing, keep social distance with others, wearing mask going outside from home and also frequently washing hands and face.
- The study noted that majority (61%) of the students responded woke up in the morning between 6 to 7 am during the Covid-19 lockdown period. It was also noticed that 34.7 per cent woke up before 6 am and few 4.3 per cent have slept for a long time after 7 am.
- The study understood that the majority (58.3%) of the students have spent 1 - 2 hours in a day for interaction in the social media. One-third of the total students have spent their time of 2 - 3 hours, few students (11.7%) have spent more than 3 hours in a day on watching happenings and following events in the social media.
- The study found that a majority (41%) of the students have attended the online class continuously through the mobile phone and it causes some physical inconvenience such as headache and neck-pain. 19.3 per cent of the students have eye irritation and swelling and 17.3 per cent were unable to sit continuously.
- The study showed that the students (7.7%) were unable to understand the lessons during the online classes. 9.3 per cent expressed that they were unable to clear their doubts and some students were also facing lack of network and electricity supply during the online classes which hampers their learning process of the students.
- The study evidenced that majority (48.3%) of the students have become stress due to constraints faced on the on-line classes. Some proportion of the students (26.7%) was crying and about 12 per cent each have outburst of anger and depression as their emotions due to the constraints faced by the on-line classes.
- The study disclosed that majority (58%) of the students were unable to meet their friends and relatives during lockdown period. It is noticed that sizable proportion of students (42%) has stated that they could contact friends and relatives only through the mobile and other facilities.

Conclusions: During the Covid-19 pandemic period, lockdown have distressed all the sectors of the World economy in general and the Educational sector in particular. The learning opportunities has been changed into digital and virtually doing things for taking as safety measure. This changed pedagogy of learning system happened to the rural children caused behavioral changes made worried about their lives. Online learning has been the solution and the bridge for connecting the teaching-learning process during lockdown periods. The study concluded that the high school and higher secondary school students of both boys and girls of rural children of Dindigul District, Tamil Nadu have awareness on the Covid-19 Standard protocols. The interventions of Government and Non-Governmental organizations have provided appropriate measures and actions to prevent infection of corona virus among rural community.

REGISTRAR

Section - 3: Intervention by Gandhigram Crèche Project

A micro level study has found that the families of the school children are aware of the precautionary measures to avoid the quick spread of Covid-19. However they were not able to frequently use washing of hands and face and also use of mask when they go outside from their home. It is understood that the majority (71%) of the students are from the wage earning families; rest of the students are from the farming families (11%) and depend on small business (18%) as their family income. Based on these findings it may be decoded that the families of the students have the problem of affordability to purchase and use disinfectants. It is also observed during the period of study that due to lockdown the families are compelled to be at home. Therefore it is difficult for the families of the students to purchase required disinfectants.

On observing the field level situation, the Department of Lifelong Learning and Extension as designed an intervention package to enable these rural families to face the situation during the lockdown. The intervention was planned and executed in the villages where this study was carried out with the support of the Gandhigram Crèche Project. The intervention has two dimensions, the first one focused on educating the school children in the selected villages. The second dimension of the intervention covers the distribution of a Medical Kit which includes Soap, Sanitizer, a set of 5 Masks. This intervention was made in the selected families in the study area. This kind of intervention was carried out during October 2020 by sourcing resources were sourced under project namely Gandhigram Crèche Project. The material distribution was mainly done for the demonstration purpose.

An innovative effort was made to address the livelihood issue of the selected families in the study area. The Department of Lifelong Learning and Extension with the resources available in the Gandhigram Crèche Project distributed Rice, Dhal and Oil to the poor families in the study area. This measure was initiated so, that enabled the families to have nutritious food to increase their immunity in the Covid-19 environment. The Gandhigram Rural Institute as an higher education institution has demonstrated that based on the findings of the study could intervene in a limited way to support the poor families in the selected villages. The study created an opportunities to have similar research on school children to further pro into the happenings during 2021 when the second wave of Covid-19 pandemic and subsequent lockdown was imposed.

Profile of the Schools / Departments / Centres

Department of Tamil

Profile

The Department of Tamil is established in the year 1956, it is one of the oldest Departments in the Institute. They strive for National Integration through Languages & Literature. When the Institute got the Deemed University status, a separate Faculty called Faculty of Tamil, Indian Languages and Rural Arts was born. All the UG students take Tamil either under Part-I or Part-III. The Department has conceived a novel PG Programme viz., MA Tamil and Indian Literature which is being offered from 1984. Translation, Comparative Indian Literature, Folklore and Media Studies are the thrust areas of research. Under the recent reorganization, the Faculty became the School of Tamil & Indian Languages, follows the three language formula. The UGC has selected the School of Tamil & Indian Languages for financial support under Special Assistant Programme DRS-I. The department has a separate library with 6250 books, Encyclopedias and digital editions and also the department has a museum for National Poet and Patriot Sri Subramaniya Bharathiar, the only one of its kind in India. The staff members are specially trained in film criticism, epigraphy and translation and are conversant with two other Indian languages.

Department of Rural Health and Development Studies Centre for Development Studies

Profile

The Department of Rural Development was established during the year 1988 as a prime wing of the Institute. The Department plays a crucial role in enabling the institute achieving its overall objective namely integrated rural development. The Centre for Development Studies (CDS) is functioning under the School of Health Sciences and Rural Development, Gandhigram Rural Institute (Deemed to be University), Gandhigram. The Centre offers two academic programmes namely M.A. in Rural Development Studies (RDS) and Ph.D in the same discipline.

M.A. in Rural Development Studies (RDS)

The term "Development" broadly refers to the range of interventions that purport to advance and secure individual and social well-being in a sustainable and equitable manner. Improvement in the quality of life of rural people is the important agenda of rural development programme. Rural development implies both the economic betterment of people as well as greater social transformation. In order to achieve this, planned attempts have been made to eliminate poverty, ignorance and inequality of opportunities. A wide spectrum of programmes are being undertaken to alleviate rural poverty. The Ministry of Rural Development places importance now on health, education, drinking water, housing and road so that the quality of life in rural areas improves and the fruit of economic reform are shared by all sections of the society. A forceful engagement with this domain needs trained human resources with varied backgrounds, capacities and interests and an ethical outlook that provide inspiration for development action. The CDS intends to contribute through its educational programmes to the knowledge and practice of rural development in India. It is recognized that development is not a unitary discipline but an integrative field that brings together understandings from the social and behavioral sciences, the humanities, science and technology within a framework of analysis, policy and institutional action.

This programme intends to prepare individuals capable of informed and thoughtful development action, empowered with awareness of the complexity, having depth of the discourse on rural development and contributing for policy and action with special reference to the Indian context. Further, an important feature of the above programme is that it attempts to equip the students with training in skills that they can put to use in any challenging situation either in the field or in the policy sphere. Our students are enabled to make smooth transitions from the world of studentship to the world of trained work.

Department of Gandhian Studies and Sociology

Centre for Gandhian Studies

Profile

The Department was started during the year 1983-84 as the Centre for Gandhian Thought and Peace Science. It offered an M.Phil Programme in 'Gandhian Thought and Peace Science' and a Course on 'Gandhian Thought' for all Undergraduate Programmes.

The full-fledged Department of Gandhian Thought and Peace Science was established during the academic year 1993-94. The Department launched a three year Undergraduate Programme namely B.A. 'Rural Reconstruction' since 1996-97 till 2005-06 and this Programme was restructured and introduced as B.A. 'Gandhian Social Work' from 2006-07 onwards. A Post Graduate Programme, M.A. 'Human Resource and Conflict Management' was started during the year 2003-04. M.A. 'Gandhian Studies and Peace Science' Programme was introduced during the Academic year 2018-19. Now the Department has been offering the above said Post Graduate Programme along with two credit Foundation Course on 'Gandhi's Life, Thought and Work', to all U.G. Programmes and two credit Audit Course on 'Gandhi in Everyday Life' to all PG Programmes, four Credit Inter Department Elective Course on 'Conflict Management' to all PG Programmes and One Credit Foundation Course on Shanti Sena is Mandatory for all UG Students during the Academic year 2018-2019 onwards.

This is the only Department which offers two year full time PG Programme in Gandhian Studies and Peace Science in the whole of South India.

Department of Gandhian Studies and Sociology

Centre for Studies in Sociology

Profile

Established in the year 1956, the Department of Sociology has been focusing on Teaching and research and extension. Indeed, the Department of Sociology at Gandhigram is as old as Gandhigram Rural Institute (GRI) itself. Teaching, research and extension activities by the faculty members specialized in the subject of Sociology had begun since the inception of the Institute in the year 1956. The present full-fledged Department of Sociology emerged after the conferment of the Deemed to be a University Status by UGC in the year 1976. Since then, the Department of Sociology has been at the forefront of social science education in Gandhigram Rural Institute, offering in its early days inter-disciplinary Post Graduate Programmes of Rural Services, Rural Sociology and Panchayati Raj, Rural Sociology, M.A Sociology and currently offering M.A (5Year Integrated) Sociology and (till last year) M.Phil (Development Sociology). Besides these, the Department is also offering specially customized Sociology Courses in other Departments.

The Department has been vigorously promoting sociological research through its Ph.D and PDF programmes, through its numerous research projects funded by national and international agencies and by organising several State, Regional and National Level Seminars, Workshops and Symposia focusing on marginalized communities and their empowerment. The Department has a very active extension component and right from its genesis has been working with communities in the neighbouring villages, conducting a massive Campaign Against Female Infanticide in Tamil Nadu (CAFIT), sponsored by MHRD, GOI, and TNSAC-sponsored training programmes on Prevention and Control of HIV/AIDS for NGO Personnel. In tune with the changing times and societal needs, the thrust areas of research and teaching have been centered around Sociology of Development, Inclusive Policy Studies, Gerontology, Poverty, Media Studies and advanced courses in Visual Sociology, Sociology of Food, Tourism etc. In keeping with the foundational principles of GRI, the Department aspires to instill social consciousness and service mentality in the wards of the department and groom them as leaders, innovators, social entrepreneurs and academics who would effectively contribute to the overall development of their communities and village and eventually to the whole nation.

Department of Gandhian Studies and Sociology

Centre for Women's Studies

Profile

The Centre for Women's Studies was established on 25th September, 2009. Recognizing its contribution in the development of women, the University Grants Commission has established a women's studies centre at GRI. Centre for women's studies examine women's contributions to human societies as well as the effect of culture and society on women's lives. The discipline focuses on the conditions of women's lives, both in India and around the world, as well as the historical and theoretical explanations for these conditions. Centre for women's studies also considers contemporary issues and trends that uniquely affect women and explore how the intersections of gender with factors such as race, social class, and sexuality can influence women's lives. The centre organized various awareness programmes, seminars and conferences apart from teaching, research and extension activities. All the activities are aimed at gender mainstreaming and elimination of gender bias in our society.

Department of Gandhian Studies and Sociology Centre for Futures Studies

Profile

The UGC sponsored Centre for Futures Studies was established in our institute under the 7th plan period during 1989 to promote research in multi-disciplinary areas relevant to Rural Development. The vision of the centre is to forge a holistic rural society and the mission includes developing micro level planners through research. The centre offers M.Phil. / Ph.D. programmes and undertaken research projects in the field of Futures Studies, Sociology, Women Studies, Agriculture, Ethno Botany, Tribal Studies and Environmental Studies. The Centre is also offering P.G. Diploma in Sustainable Social Development from the academic year 2019 to understand the basic concepts of Sustainable Development in environmental, social and economic dimensions. So far, 35 M.Phil candidates and 18 Ph.D candidates successfully completed their degree. A total of 7 books, 34 articles in the journal and 59 articles in the conference proceedings were published.

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	Ph.D.	1990
2.	M.Phil.	1989
3.	P.G. Diploma in Sustainable Social Development	2019

Faculty Members with Designation

S.No.	Name of the Faculty	Designation
1.	Dr. K. Velumani	Professor & Director

Thrust Areas of Research

- ❖ Futurology
- ❖ Environmental Studies
- ❖ Ethno Botany
- ❖ Human Resource Management
- ❖ Sociology
- ❖ Women's Studies

Centre for Study of Social Exclusion and Inclusive Policy

Profile

The Centre for Study of Social Exclusion and Inclusive Policy (CSSEIP), Gandhigram Rural Institute (GRI)-Deemed University was established in 2008 by UGC. It started to function in June 2010 as per UGC guidelines. Since its inception, the centre is marching towards achieving the goal of a more inclusive and just society through teaching, research, extension and networking with the third sectors. So far, the centre has conceptualized and understood the process, nature and forms of exclusion and has identified the excluded communities such as Dalits, Adivasis, Women, children, minorities, ageing population and Transgender etc. located in the vicinity of GRI. Currently, the centre is engaged in identifying the unmet need of policies, the challenges and prospects of inclusive policies.

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	Ph. D	2012

Faculty Members with Designation

S.No.	Name of the Faculty	Designation
1.	Dr.A.Mani	Assistant Professor cum Assistant Director
2.	Dr.Anjuli Chandra	Assistant Professor cum Assistant Director

Department of Rural Industries and Management

Profile

Department of Rural Industries and Management was established in 1956 and inaugurated by Pandit Jawaharlal Nehru.

Objectives:

- To provide academic and techno-managerial inputs to youth on rural industries
- To promote rural industries and entrepreneurship in rural areas through students and community engagement.

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	Ph.D	1993
2.	MBA	2019
3.	BBA	2015
4.	Diploma in Textile Technology	1987

Faculty Members with Designation

S.No.	Name of the Faculty	Designation
1.	Dr.M.Soundarapandian	Professor & Head
2.	Dr.R.Seerangarajan	Professor
3.	Dr.L.Rathakrishnan	Professor
4.	Dr.K.Raja Alias Pranamalai	Professor
5.	Dr.Well Haorei	Assistant Professor
6.	Dr.H.Samuel Thavaraj	Assistant Professor
7.	Dr.B.Senthilkumar	Assistant Professor

Thrust Areas of Research

- ❖ Management of Micro, Small and Medium Enterprises
- ❖ Handloom and Natural Dyeing
- ❖ Technical Textiles
- ❖ Rural Entrepreneurship
- ❖ Food Industry
- ❖ Functional Areas of Management

Department of Economics

Profile

Established in the year 1956, the Department has the vision of excellence in Education, Research and Extension towards integrated and prosperous rural economy. The Department offers programmes and courses in Economics and its branches, conducts need based rural economic research surveys and studies, organizes seminars and workshops and undertakes outreach and consultancy activities in economics. The thrust areas include Academia of Rural Finance and Banking, Energy Economics, Environmental Economics, Resource Economics, Development Economics, International Economics, Agricultural Economics, Health Economics, Gender Economics and Demographic Studies.

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1	Ph.D.	1989
2	M.Phil.	2009
3	M.A.	2015
4	B.A. Economics	2019

1.	Dr.S.Ramaswamy	Professor
2.	Dr.S. Nehru	Professor & Head
3.	Dr.S.Rajendran	Professor
4.	Dr.K.Manikandan	Assistant Professor
5.	Dr.N.R.Deepa	Assistant Professor

Thrust Areas of Research

- ❖ Energy Economics
- ❖ International Economics
- ❖ Third Sector and Development Economics
- ❖ Agriculture Economics
- ❖ Development Economics

Department of Cooperation

Profile

The Department of Cooperation was established in 1956. It is one of the oldest departments in Gandhigram Rural University. It is the first of its kind in offering Cooperation as an academic discipline at University level in India with the basic objective of developing manpower with updated knowledge and skill in managing, facilitating, organizing, and revitalizing cooperatives and other organizations particularly in rural areas.

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1	Ph.D	1984
2	M.Com (Cooperative Management)	2017
3	B.Com (Cooperation)	2015

Faculty Members with Designation

Department of Mathematics

Profile

The Department of Mathematics was established in the year 1965 and Diploma in Rural Service (Mathematics) was offered till 1975. Then B.Sc. Mathematics Programme is being offered from 1976 onwards. Two year PG Programme M.Sc. Mathematics is being offered from 2008-2009 onwards. Ph.D. Programme is being offered from 1992-1993 onwards. B.Sc., B.Ed. in Mathematics is being offered from the academic year 2018-19. M.Phil. Mathematics (regular) is being offered during the academic year 2019-20. Department is supported by National Board for Higher Mathematics (NBHM Library Grant) with more than 8700 books. Department is supported by FIST grant from 2007-2019 (Level I – 2007-2013 and Level II -2014-2019). Department is supported by UGC-SAP (DRS-I & II) from 2004-2009 & 2009-2014. Department is supported by UGC-SAP (DSA-I) from 2018-2023 equipped with state of art Computer Lab facilities.

Department of Chemistry

Profile

The Department of Chemistry is offering B.Sc., B.Sc. B.Ed., M.Sc., M.Phil. and Ph.D. in Chemistry programmes. The thrust areas of research are includes Nanomaterials, Electrochemical sensors, Synthetic Organic Chemistry, Environmental Chemistry, Coordination Chemistry, Corrosion Inhibitors etc. The Department has also undertaken many research projects funded by DST, DBT, CSIR, UGC and DRDO. The faculty members of this Department have published over 800 Research papers in both International and National Journals. The h-index of the department is 62.

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	Ph.D.	1989
2.	M.Phil. in Chemistry	2007
3.	M.Sc. Chemistry	1987
4.	B.Sc.B.Ed. (Int) Chemistry	2018
5.	B.Sc. Chemistry	1976

Faculty Members with Designation

8.	Dr. P. Kalimuthu	Assistant Professor
9.	Dr. M. Seenivasa Perumal	Assistant Professor
10.	Dr. M. Arunachalam	Assistant Professor

Thrust Areas of Research

- ❖ Surface Protection Strategies
- ❖ Natural Products Chemistry
- ❖ Nano Chemistry and Nanocomposites
- ❖ Environmental Chemistry
- ❖ Supramolecular Chemistry
- ❖ Polymer Composites
- ❖ Food Chemistry
- ❖ Photodegradation of pollutants
- ❖ Environmental studies and Waste water treatment
- ❖ Corrosion Inhibition
- ❖ Dye Sensitized Solar Cells
- ❖ Synthetic Organic Chemistry
- ❖ Superhydrophobic and Sol-Gel coatings

Department of Biology

Profile

The Department of Biology was established in 1978. It offers B.Sc., Microbiology, M.Sc., Botany, M.Sc., Zoology, M.Sc., Microbiology and M.Phil., in Botany, Zoology & Microbiology and Research programmes viz., Ph.D in Botany, Ph.D in Zoology and Ph.D in Microbiology. This Department has organized four Refresher Courses and conducted many National Level Seminars & Conferences. This Department is concurrently organizing many Short Term Trainings & Consultancy on Mushroom Technology, Vermitechnology and Spirulina cultivation to the rural poor through projects funded by DBT, UGC & CAPART, New Delhi. The vision of the department is to develop manpower, facilities and infrastructure in the field of Biological Sciences so as to become vibrant in teaching, research and extension. The missions are to offer programmes suitable for the prevailing conditions, to conduct training for the transfer of Biological Technologies, to promote application and value oriented research for rural development and to develop an advanced centre for promoting Biological Sciences.

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	Ph.D	2017
2.	M.Phil Programme in Botany	2019
3.	M.Sc. Botany	2007
4.	M.Sc. Zoology	2007
5.	M.Sc. Microbiology	2002
6.	B.Sc. Microbiology	2019

Faculty Members with Designation

S.No.	Name of the Faculty	Designation
1.	Dr. M. R. Rajan	Professor
2.	Dr. P.U. Mahalingam	Professor & Head
3.	Dr. R. Ramasubbu	Assistant Professor

Thrust Areas of Research

- ❖ Aquaculture
- ❖ Algal, Mushroom Technology and Food Technology
- ❖ Microbial Technology
- ❖ Plant Reproductive Biology & Conservation
- ❖ Plant Taxonomy
- ❖ Bionanotechnology
- ❖ Pollution Abatement & Solid Waste Management

Department of Home Science

Profile

From the inception the Department of Home Science offered a course on Diploma in Rural Services (DRS). When the institute became a Deemed University in 1976, the department was introduced B.Sc. Home Science, M.Sc. Home Science Extension and Communication, M.Sc. Food Science and Nutrition, M.Phil and Ph.D programme. The Department has produced 34 Ph.Ds and at present 19 scholars are recurrently doing Ph.D on full time and part time basis, out of which seven of them are receiving fellowship from UGC. The Department has generated Rs. 46 lakhs through funded projects. The UGC has sanctioned Rs.51 lakhs for B.Sc. Textiles and Fashion Design under Innovative Programme for a period of five years from 2012 – 2017. The objective of the department is to produce able teachers, administrators and entrepreneurs, Concentize the community on nutrition and health. The Department also offers B.Voc. Footwear and Accessories Design, B.Voc. Food Processing and B.Voc Food Testing and Quality Evaluation under DDU – Kaushal Kendra.

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	Ph.D	1989
2.	M.Sc. Home Science Extension and Communication	1984
3.	M.Sc. Food Science and Nutrition	2003
4.	B.Sc. Home Science	1976
5.	B.Sc. Textiles and Fashion Design	2012
6.	B.Voc. Footwear and Accessories Design	2015
7.	B.Voc. Food Processing	2018
8.	B.Voc. Food Testing and Quality Evaluation	2018

Faculty Members with Designation

S.No.	Name of the Faculty	Designation
1.	Dr.K.S.Pushpa	Professor
2.	Dr.R.I.Sathya	Professor
3.	Dr.S.S.Vijayanchali	Associate Professor & Head
4.	Dr.S.Kavitha Maithily	Assistant Professor
5.	Dr.A.Thahira Banu	Assistant Professor
6.	Dr.R.Sahul Hameed	Assistant Professor

Thrust Areas of Research

- ❖ Nutritional Surveillance
- ❖ Food Processing and Preservation
- ❖ Women and Children Welfare
- ❖ Technical Textiles – Textile composite, Medical and Protective Textile
- ❖ Therapeutics and Nutritional Intervention
- ❖ Apparel Designing
- ❖ Children with Disabilities

Department of Computer Science & Applications

Profile

Established in the year 1996, the Department of Computer Science and Applications has emerged as a pioneer in imparting Higher Education on Computer Science among the rural students in this part of the country. The Department has highly qualified faculty members with rich experience in teaching and research. The Department offers two Master's programmes namely, M.C.A. and M.Sc.-IT that lead to rewarding careers opportunities. The department also offers Ph.D. Programme since 2000 and M.Phil. Programme from 2015. Presently, 28 scholars are pursuing their doctoral degrees and 12 scholars have been awarded so far. The thrust areas of research are Digital Image Processing, Medical Image Segmentation & Analysis, Parallel Computing, Object Recognition, MANET, Cloud Computing, Internet of Things, Network Security, Information Security and Bigdata Analytics. The Department also offers Courses on Computer Science for all UG & PG programmes. The Faculty of the Department handle funded research projects by UGC, ICMR and DST and presently seven funded projects to the tune of more than Rs. 2 Crores have been carried out. In recognition of its research credentials, the Department has received funds under UGC-Special Assistance Programme (Rs.41 Lakhs) and DST-FIST Level-I (Rs.45 Lakhs). To disseminate the knowledge on Computer Science & Information Technology, the Department has successfully organized Four National Conferences and a Refresher Course. As part of its Extension activities, the Department promotes Computer Literacy and Education among the rural school teachers and students. It is also involved in devising and developing expert systems for rural development. To cap it all, the Department has been sanctioned Rs.1.25 Crores under UGC Indo-US Knowledge Initiative Award 2015.

Academic Programmes Offered

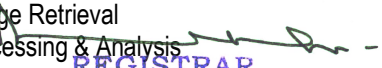

S.No.	Programme	Year of Introduction
1.	Ph.D.	2000
2.	M.Phil.	2015
3.	Master of Computer Applications	1995
4.	B.Sc. (CS)	2019

Faculty Members with Designation

S.No.	Name of the Faculty	Designation
1.	Dr.P.Shanmugavadivu	Professor & Head
2.	Dr.P.Kalavathi	Associate Professor
3.	Dr.M.Mary Shanthy Rani	Assistant Professor
4.	Dr.S.Sivagurunathan	Assistant Professor
5.	Dr.T.Kalaiselvi	Assistant Professor
6.	Dr.N.Senthilkumaran	Assistant Professor

Thrust Areas of Research

- ❖ Medical Image analysis
- ❖ Face Recognition
- ❖ Software Engineering
- ❖ Healthcare Data Analytics
- ❖ Parallel Computing
- ❖ Content-based Image Retrieval
- ❖ Digital Image Processing
- ❖ Internet of Things
- ❖ Medical Image processing & Analysis

Centre for Rural Technology

Profile

The Centre for Rural Technology was established in the year 1987 with focus on promoting cost effective building technologies in Rural Housing with the following objectives

- ✓ Develop appropriate / Alternate Habitat technologies and delivery systems.
- ✓ Collaborate with the government for habitat development through sustainable technology plans.
- ✓ Develop youth cadres for Science & Technology delivery and transfer.
- ✓ Academic course was started with B.Tech Rural Technology in 1987, upgraded to B.Tech Civil programme from 2005 onwards.

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	Ph.D in Civil Engineering	2002
2	B.Tech Civil Engineering	2005

Faculty Members with Designation

S.No.	Name of the Faculty	Designation
1	Dr.K.Mahendran	Professor & Director i/c
2	Mrs.B.Sangeethavani	Assistant Professor
3	Mr.R.T.Balamurali	Assistant Professor

Thrust Areas of Research

- ❖ Low cost Housing
- ❖ Mud based Technology
- ❖ Geo-polymer Concrete
- ❖ High performance Concrete
- ❖ Nano composite building materials

Centre for Rural Energy

Profile

Centre for Rural Energy has been established in the year 1998. With support of Ministry of New and Renewable Energy, Renewable Energy Park has been established in the year 2000. UGC has sanctioned Certificate Course in Energy Auditing in the year 2010. Centre has been accredited by MNRE for the Solar Energy Technician Training programme in the year 2012. In the year 2015, National Institute of Solar Energy affiliated GRI as a nodal centre for "Suryamitra Skill Development Programme". Sector Skill Council for Green Job affiliation has been obtained in the year 2016. MNRE Accredited GRI as a nodal Centre for MNRE-USAID PACE DTA Programme from the year 2017. Certificate of appreciation has been given by the Ministry for the Best Suryamitra Institute. MNRE – NISE Accredited Centre for Rural Energy, Gandhigram Rural Institute for organizing "Varunmitra Skill Development Programme" as well as "Solar Roof Top Grid Engineer Training Programme"

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1	Ph.D	2009
2	M.Tech Renewable Energy	2013
3	B.Voc Renewable Energy	2018

Centre for Applied Geology

Profile

The “Centre for Applied Geology” was created during the UGC XIth Plan period (2012). In 2012, the Centre for Applied Geology started offering PG- Diploma in Applied Geology and Geomatics and Ph.D in Geology Programmes. In 2013, the PG Diploma course has been elevated to M.Sc. Applied Geology and Geomatics with support under UGC innovative programme. Since 2018 onwards, the Centre started offering B.Sc. Geology and M.Phil- Geology Programmes. A certificate course on Disaster mitigation and management is offered from 2019-20 academic onwards. Within a short span of time, The Centre for Applied Geology has mobilized about Rs.1.9 crores through sponsored Research projects from University Grants Commission (UGC), New Delhi, Council of Scientific and Industrial Research (CSIR), New Delhi, Department of Science and Technology (DST), New Delhi, Anna Institute of Institute of Management (AIM), Chennai and Indian Space Research Organization (ISRO), Bangalore.

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	Ph.D	2012
2.	M.Phil	2019
3.	M.Sc. Applied Geology and Geomatics	2013
4.	B.Sc. Geology	2018
5.	Certificate course on Disaster Mitigation and Management	2019

Faculty Members with Designation

S.No.	Name of the Faculty	Designation
1.	Dr.B.Gurugnanam	Professor & Director i/c
2.	Dr.S. Arivazhagan	Assistant Professor

Thrust Areas of Research

- ❖ Natural Resource Inventory and Management
- ❖ Ground Water Management
- ❖ Geo-energy Management
- ❖ Geological Eco System Based Development Plans
- ❖ Natural Disaster Mapping and Management

SCHOOL OF AGRICULTURE & ANIMAL SCIENCES

Profile

The School of Agriculture and Animal Sciences is one of the oldest faculties established in the year 1956 with a vision of rural development through the production of man power in Agriculture and allied sectors. With this in view, the School of Agriculture and Animal Sciences is offering two major programmes in Agriculture viz., B.Sc. Agriculture (Hons.) and Diploma in Agriculture.

Vision

- To develop the School of Agriculture and Animal Sciences as a national centre with regional focus winning reputation for academic excellence in Agricultural Education and Research that would catalyze knowledge based Agricultural growth and development. Every student is inspired to learn and empowered to excel.
- To create, transmit and apply agriculture technology to ensure sustainability in agricultural production in this era of climate change for improving the quality of life of farming community of this region.
- To impart value based agriculture education and to generate agriculture graduates with ethical and moral values who will be change agents for Integrated Rural Development.

The thrust areas would also include Indigenous Knowledge, Better Farming and Farm Technology Transfer, Agro-Engineering and Organic Farming and Sustainable Agriculture.

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	Ph.D.	1993
2.	B.Sc. (Hons.) Agriculture	2012
3.	Diploma in Agriculture	1980

Faculty Members with Designation

S.No.	Name of the Faculty	Designation
1.	Dr. T. T. Ranganathan	Professor
2.	Dr. R. Udhayakumar	Professor
3.	Dr. T.Senthivel	Professor
4.	Dr. S. Ganesh	Professor
5.	Dr. M. Seethalakshmi	Professor
6.	Dr. G. S. Kannan	Professor & Dean
7.	Dr. M. Sundaramari	Professor
8.	Dr. A. Ramanathan	Professor

Thrust Areas of Research

- ❖ Organic Farming and Sustainable Agriculture
- ❖ Crop Management and Nutrient management
- ❖ Indigenous Knowledge and Ethno-botany
- ❖ Animal Management

Deen Dayal Upadhyay – Kaushal Kendra

Profile

The University Grants Commission (UGC) has launched a specific scheme towards skill development education as part of college/university education, leading to award of Bachelor of Vocation (B.Voc.) Degree (Three Years). The programmes have multiple exits such as Diploma (one year), Advanced Diploma (Two Years) and Degree level (3 years) under the National Skill Qualification Framework (NSQF). In tune with the Government of India's skill mission, Deen Dayal Upadhyay Center for Knowledge Acquisition and Upgradation of Skilled Human Abilities and Livelihood (KAUSHAL) was established in GRI in September 2015. The B.Voc. Programme is focused on skill development of student youth in universities and colleges, providing undergraduate studies which would also incorporate specific job roles and their National Occupational Standards (NOS) along with broad general education. This would enable the graduates completing B.Voc. to make meaningful participation in accelerating India's economy by gaining appropriate employment, becoming entrepreneurs and creating a pool of manpower with skills.

Vision

- Training rural youth through skill based vocational programmes

Mission

- Developing skills in specific areas to meet the industrial needs
- Enhancing linkages between higher education and industries
- Serve as a finishing school through modular training programmes

Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	B.Voc Farm Equipments Operation and Maintenance	2015
2.	B.Voc Footwear and Accessories Design	2015
3.	B.Voc Dairy Production and Technology	2017
4.	B.Voc Renewable Energy	2018
5.	B.Voc Food Processing	2018
6.	B.Voc Food Testing and Quality Evaluation	2018
7.	B.Voc Multi Media Production Technology	2018
8.	B.Voc Organic Agriculture and Enterprises Development	2018
9.	Diploma in Two Wheeler Mechanism and Maintenance	2014

Faculty Members with Designation

S.No.	Name of the Faculty	Designation
1.	Dr. R. Seerangarajan	Professor of RIM & Director, DDU-KK
2.	Dr. R.I.Sathya	Professor of Home Science & Coordinator
3.	Dr. L. Raja	Professor of Lifelong Learning & Coordinator
4.	Dr. R. Venkataravi	Asso. Professor of Lifelong Learning & Coordinator
5.	Dr. M. Seethalakshmi	Professor & Coordinator
6.	Dr. T. Senthivel	Professor & Coordinator
7.	Dr. V. Kirubakaran	Asst. Professor & Coordinator
8.	Dr. I. Kaspar Raj	Director, Computer Centre & Joint Coordinator
9.	Dr. M. Sankaramoorthy	Tech. Assistant (LLE) & Joint Coordinator

Thrust Areas of Research

- ❖ Creating technical manpower to meet industrial requirements
- ❖ Developing entrepreneurial skills to become entrepreneur
- ❖ Bio Fuel from Bio Wastes
- ❖ Alternative Fuels
- ❖ Create opportunities for self / wage employment
- ❖ HHO Generator – Mileage boosting for IC Engines
- ❖ Electric Cycle

Dr.G.Ramachandran Library

Profile

The Gandhigram Rural Institute Library was established in 1956 and it is moved to the present building during 1987. The Library is named after the Founder Vice-Chancellor Dr. G. Ramachandran and the plinth area of Library is 14338 Sq.ft. It has more than 1.79 lakh books and it subscribes 284 Indian journals in print. It has other documents like Theses, Dissertations, Project Reports and bound volumes. It has computerised circulation system and provided with OPAC facility to search and know the status of documents. KOHA Open Source Software integrated with RFID Technology. Kiosk and Drop Box devices are used for issuing and returning of books. Theses of the institutes are regularly updated to INFLIBNET – Shodhganga Portal.

The Institutional Repositories is created with Greenstone Digital Library Software for Ph.D Theses and Question Bank etc. The e-ShodhSindhu (Online Journals) and e-books facilities are provided to the users with remote access. A separate Digital Knowledge Centre with 40 Computers are available for e-resources access.

Dr.P. Balasubramaniam	Seminar		N	26.11.2020	UGC-Human resource development centre, Bharathiar University, Coimbatore.	Resource Person	Qualitative Behaviours of Hilfer Fractional Stochastic Differential Equations & General Atangana-Baleanu-Caputo fractional differential equations and its Applications
Dr.P. Balasubramaniam	Seminar		N	24.11.2020	GRI centre, New Delhi	Resource Person	Role of fractional calculus in neural network and image
Dr.P. Balasubramaniam	Conference	Mathematical Modeling with Differential Equations	N	16.10.2020	DwarakaDoss Goverdhan Doss Vaishnav College, Arumpakkam, Chennai.	Resource Person	Fractional Differential Equations and Its Applications
Dr.P. Balasubramaniam	Seminar		N	26.09.2020	Cochin University of Science & technology, Kochi, Kerala.	Resource Person	The fractional Differential Equations and Its Applications

Name of the Faculty Member	Nature Of The Programme	Title of the Programme Attended	Level	Date(s)	Organizer of the Programme & Place	Nature of Participation	Title of the Paper / Talk Delivered
Dr.P. Balasubramaniam	Seminar		I	21.08.2020	GRI Centre, New Delhi	Resource Person	Vedic mathematics India's valuable early contribution to the world of today's modern mathematics.
Dr. R. Uthayakumar	Conference	Two day International Conference on Computational and Applicable Mathematics (ICCAM - 2021)	I	27.08.2021 - 28.08.2021	The Quaide Milleth College for Men	Resource Person	Inventory Control and Supply Chain Management
Dr. P. Muthukumar	Conference	International Conference on Mathematical Modelling and Computational Intelligence Techniques (ICMMCIIT-2021)	I	10.02.2021 - 12.02.2021	Department of Mathematics, The Gandhigram Rural Institute (Deemed to be University), Gandhigram	Listener	--
Dr. G. Nagamani	Faculty Development Programme	Astute-Efflux Trends in Mathematics	I	04.07.2020 - 09.07.2020	SNS College of Engineering, Coimbatore, India.	Resource Person	Qualitative Analysis of Artificial Neural Network
Dr. G. Nagamani	Faculty Development Programme	Recent Advances in Grapy Theory and Neural Networks	N	15.07.2020 - 17.07.2020	St. Joseph's Institute of Technology, Chennai, India.	Resource Person	Neural Networks and its Stability Analysis
Dr. G. Nagamani	Conference	The 2nd International Conference on Lesson Study of Science, Technology, Engineering, and Mathematics	I	19.09.2020 - 20.09.2020	University of Jember, Indonesia.	Resource Person	Fuzzy Control Systems Design and its Stability Analysis
Dr.S.Aripnammal	Webinar	Advanced materials for energy storage applications	I	13.7.2020 - 15.7.2020	Research centre of Physics, Fatima college, Madurai	Listener	--
Dr.S.Aripnammal	Conference	Supercapacitors and Batteries for Future Avenues (ICSBFA-2020)	I	08.09.2020 - 09.09.2020	Bharathidasan University, Trichy	Listener	--
Dr.S.Aripnammal	National	National Webinar on Sensor Materials and Applications	N	26.07.2020	Department of Physics, B.S. Abdur Rahman Crescent Institute of Science and Technology, Chennai	Listener	--
Dr.S.Aripnammal	Webinar	Multifaceted Nanotechnology:A Reliable strategy for Pandemic Mitigation	N	24.7.2020	Department of Physics, GRI-DU, Gandhigram	Listener	--
Dr.C.Raja Mohan	Online Lecture Series	Electrostatics-I	N	18.07.2020	Indian Association of Physics teachers	listener	--
Dr.C.Raja Mohan	Online Lecture Series	9th Indian Chitin & Chitosan Society Symposium 2021	N	26.02.2021	Indian Chitin & Chitosan Society	Presented paper	Thermodynamical properties of chitosan doped with different ammonium salts
Dr. M.G. Sethuraman	Seminar	International Online Faculty Development Program on Frontiers in Chemistry- Carbon dots-Quo vadis?	I	16.09.2020	St. Joseph's College of Engineering, Chennai	Invited talk	Online Faculty Development Program on Frontiers in Chemistry- Carbon dots-Quo vadis?
Dr. M.G. Sethuraman	Seminar	Webinar on Research Technologies in Chemsity	N	24.07.2020	Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore	Invited talk	Fascinating Realm of Research-Pathways and Prospects

Name of the Faculty Member	Nature Of The Programme	Title of the Programme Attended	Level	Date(s)	Organizer of the Programme & Place	Nature of Participation	Title of the Paper / Talk Delivered
Dr. S Meenakshi	Conference (Virtual)	New Strategies in Water Treatment and Desalination (NSWTD)	I	21.03.2021 - 23.03.2021	Organized by Department of chemical Engineering, SRM Institute of Science and Technology, Kattankulathur, Tamilnadu in association with National Institute of Ocean Technology and Indian Desalination – South Zone	Chaired	--
Dr. P. Anitha Pius	Conference	National Conference on Recent Trends in Materials Science and Technology - 2020 (NCMST-2020) [online mode]	N	07.12.2020 - 09.12.2020	INDIAN INSTITUTE OF SPACE SCIENCE AND TECHNOLOGY (Declared as Deemed to be University under section 3 of the UGC act 1956) Department of Space, Government of India, Thiruvananthapuram – 695 547	Oral Presentation [Online mode]	Materials and Techniques for Water Remediation
Dr.M.R.Rajan	Webinar	Molecular Diagnostics of Infectious Diseases	N	03.07.2020	Michael Job College of Arts and Science for Women,Coimbatore	Listener	--
Dr.M.R.Rajan	Webinar	Role of Science and Technology in Sustainable Development-ICRSTDS-2020	I	17.08.2020 - 18.08.2020	Dept. of Zoology & IQAC, Digambarrao Bindu Arts,Commerce and Science College,Bhokar, Maharashtra	Listener	--
Dr.M.R.Rajan	E-Conference	Life Sciences Summit: Food,Dairy and Agriculture	N	01.10.2020	Centre for Excellence in Life Sciences	Listener	--
Dr.M.R.Rajan	Webinar	Marine Bio-prospecting	N	06.10.2020	PG Department of Botany, Holy Cross College,Thiruchirappalli	Listener	--
Dr.M.R.Rajan	Webinar	Cancer Genomics for Cancer-Free World	N	08.11.2010	PG & Research Department of Zoology,A.P.A.College of Arts and Culture,Palani	Listener	--
Dr.M.R.Rajan	Webinar	Infrastructure Augmentation for Teaching, Learning & Research	N	21.12.2020 - 22.12.2020	Avinashilingam Institute for Home Science and Higher Education for Women,Coibatore	Listener	--
Dr.M.R.Rajan	Webinar	Vaccine Science in India	N	27.05.2021	Nirmala College for Women, Coimbatore	Listener	--
Dr.M.R.Rajan	Webinar	Covid 19- Myths and Reality	N	29.05.2021	Rajah Serfoji Govt. College, Thanjavur	Listener	--
Dr.M.R.Rajan	Webinar	Future Waste Management	N	05.06.2021	Veridian Micro Lab Pvt Ltd,Chennai	Listener	--
Dr.M.R.Rajan	Webinar	Sustainable Ecosystem Restoration Initiatives & Practices	N	05.06.2021 - 07.06.2021	National Institute of Technology, Silchar, Assam	Listener	--
Dr.M.R.Rajan	Webinar	Fish Microbiology	N	08.06.2021	Veridian Micro Lab Pvt Ltd, Chennai	Listener	--

Name of the Faculty Member	Nature Of The Programme	Title of the Programme Attended	Level	Date(s)	Organizer of the Programme & Place	Nature of Participation	Title of the Paper / Talk Delivered
Dr.M.R.Rajan	Webinar	Transmission, Pathogenesis of SARS-COV-2 & Its Host Immune Response	I	11.06.2021	PG and Research Department of Microbiology, Sadakathullah Appa College, Tirunelveli	Listener	--
Dr.M.R.Rajan	Webinar	Covid-19 Epidemiological and Scientific Perspectives	N	19.06.2021	PG & Research Department of Zoology, Pachaiyappa's College, Chennai	Listener	--
Dr. K.S. Pushpa	Webinar	ICT for Community Outreach	N	15.07.2020	Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore	Listener	--
Dr. K.S. Pushpa	Webinar	Extension Work: Possibilities in the Pandemic	N	17.07.2020	Department of Development Communication and Extension, Lady Irwin College, New Delhi.	Listener	--
Dr. K.S. Pushpa	Online Training Programme	Gender Budgeting for Rural Development	N	18.08.2020 - 22.08.2020	National Institute of Rural Development and Panchayathi Raj, Hyderabad	Listener	--
Dr. K.S. Pushpa	Online Training Programme	Designing, Conducting and Writing Mixed Method Research Design	N	31.10.2020 - 04.11.2020	Koach Scholar, New Delhi	Listener	--
Dr.S.S.Vijayanchali	Online Training Programme	Nutrition and Health Care of Children During COVID-19 for Functionaries of Child Care Institutions	S	27.07.2020	NIPCCD, Regional Centre, Bengaluru	Resource Person	Importance of Nutrition during Covid-19 for Well Being of Children in Child Care institutions
Dr.S. Kavitha Maithily	Online Workshop	Workshop on Empowering Teaching through Online mode	N	11.07.2020 - 12.07.2020	Jawaharhalal Nehru University, Newdelhi	Listener	--
Dr.S. Kavitha Maithily	Webinar	Capacity Building of Young talent Transdisciplinary Research for a Sustainable Development of Society	N	13.07.2020 - 18.07.2020	Holy Cross College, Tiruchi	Listener	--
Dr.S. Kavitha Maithily	Online Certificate Programme	One month Certificate Programme on Psychological Counselling in a Gender Perspective	N	21.09.2020	UGC and Department of Women's Studies, Bharathidasan University, Tiruchi	Listener	--
Dr A Thahira Banu	Seminar	Nutrition and Health - Recent Trends, Challenges and Strategies	N	04.03.2021	Department of Nutrition & Dietetics Jamal Mohammad College, Trichy	Resource Person	Advanced Glycation End Products (Age's) & Degenerative Diseases
Dr A Thahira Banu	Conference	International conference on Research and Development in Science, Engineering and Technology	I	05.03.2021	St Annes College of Engineering and Technology, Panruti	Presented paper	Mango Image Feature Extraction for Quality Grading (A Pilot Study-1)
Dr. R. Sahul Hameed	Webinar	Advances in Food Processing for the development of Functional Foods	I	27.07.2020	Sant Longowel Institute of Engineering & Technology, Punjab	Listener	--
Dr. R. Sahul Hameed	Webinar Series	Recent Advances in Dairy Process Engineering	N	24.08.2020 - 28.8.2020	College of Food & Dairy Technology, TANUVAS, Chennai	Listener	--

Cell for Culture and Arts

- ❖ Conducted events to encourage students' imagination, creative ability and artistic expression.
- ❖ Conducted debates in evening class for regional arts forms and skills for professional competence.
- ❖ The students are trained to relate the various regional art expressions, find the means to express them in National and International arenas.
- ❖ Exercises were given to incorporate learning in the social and cultural growth, igniting the learner to maximize the contribution as creative-being and artistic.
- ❖ Assignments were given to explore the history and heritage of the region that could be detected in course of our experiment and induct these faculties within the purview of the School.

National Service Scheme

About GRI NSS Cell

A team of dedicated disciples and contemporaries of Mahatma Gandhi, Dr.T.S.Soundaram and Dr.G.Ramachandran established The Gandhigram Rural Institute in 1947. The Gandhigram Rural Institute was created to promote rural development. Today, it has become a nationally and internationally recognized university for its contribution to rural higher education.

The NSS (National Service Scheme) Cell in the Gandhigram Rural Institute (Deemed to be University) was started in the academic year 1979-1980. It has organized several programmes to tune the personality of the student volunteers to make them responsible for rural development. The unique feature of NSS in GRI is that all the students studying Diploma, Undergraduate, and Postgraduate (except for one-year programmes) are NSS volunteers. There are 19 NSS units in the GRI NSS Cell. Shramadhan, tree plantation on campus and in the adopted villages and blood donation to the people admitted to the Kasturba Hospital, Gandhigram and Government Hospital, Dindigul are regular features. Other important Regular Programmes organized from April 2020 to March 2021 were the celebrations and observations of the days of National importance (NSS day, International yoga day, unity day, Swachhata Pakhawada, Quit India Movement, etc.), personality development programmes for volunteers, rally on social issues, training programmes on disaster management, skill development programmes, implementation of Swach Bharat Mission in GRI, Youth employment skills development programme and awareness programmes on health care etc.

The academic year 2020-2021 presented a unique challenge for the activities of the NSS since almost all classes were shifted to the online mode due to the Covid-19 pandemic and the resultant lockdowns. Despite these challenges, the NSS units of the institute organized programmes in the online and offline modes wherever and whenever possible.

1. Total Number of Units : 19
2. Total NSS Volunteer Strength : 1900
3. Enrollment Details

Category	Male	Female
OC	9	28
OBC	530	854
SC	168	258
ST	33	20
Total	740	1160

The 19 units of the National Service Scheme (NSS) of the Gandhigram Rural Institute function with the NSS motto: "Not Me; But You", involving a total of 1900 students under the guidance and supervision of a programme coordinator and 19 programme officers. Due to the Covid-19 pandemic situation, only NSS regular activities have been carried out through online and offline modes.

Krishi Vigyan Kendra

Profile

KVKs are grass root level organizations meant for application of technology through assessment, refinement and demonstration of proven technologies under different 'micro farming' situations in a district.

Krishi Vigyan Kendra, Gandhigram a technology transfer centre for Agriculture and allied areas like Horticulture, Animal Husbandry, Home Science and forest production was started functioning from 7th July 1989. This scheme sanctioned by ICAR accepting the proposal submitted by the School of Agriculture and Animal Sciences of Gandhigram Rural Institute – Deemed University in the year 1987. The financial support is given by the Indian Council of Agricultural Research, New Delhi. Our Kendra caters the needs of the farming community, Self Help Groups, Rural Youths, farmers produce organization and extension personnel of Dindigul District, through various programmes like trainings, On Farm Testings, Front Line Demonstrations and Advisory services. This kendra has established various demonstration units with emphasis to exhibit the recent technologies in Agriculture, Horticulture, Animal Husbandry, and Home Science enterprises so that, year round income can be generated by the farming community.

Mandated Activities:

- Conducting on-farm testing to identify the location specificity of agricultural technologies under various farming systems.
- Organizing frontline demonstrations to establish production potential of various crops and enterprises on the farmers' fields.
- Organizing need based training of farmers to update their knowledge and skills in modern agricultural technologies related to technology assessment, refinement and demonstration, and training of extension personnel to orient them in the frontier areas of technology development.
- Creating awareness about improved technologies to larger masses through appropriate extension programmes.
- Production and supply of good quality seeds and planting materials, livestock, poultry and fisheries breeds and products and various bio-products to the farming community.
- Work as resource and knowledge centre of agricultural technology for supporting initiatives of public, private and voluntary sector for improving the agricultural economy of the district.

Functional Objectives

For fulfilling the prescribed mandate, the KVKs, at present, has to perform the following functions:

- 1) To plan and conduct survey of the operational area and characterize physical and human resources with special reference to identifying the technological and training needs of the farming community.
- 2) To compile all relevant recommendations/package of practices for the district to be meaningfully utilized in the training programmes and the follow-up extension activities.
- 3) To plan and conduct production-oriented and need-based short and long duration training courses both on the campus as well as in the villages for various target groups.
- 4) To organize Farm Science Clubs in order to inculcate in the younger generations a scientific temper and an interest on agriculture and allied sciences and for scientific farming through supervised individual and group projects.
- 5) To develop and maintain the campus farms and demonstration units on scientific lines as the facilities for providing work experience to the trainees, dissemination of the latest technical know-how and also as a means to achieve financial sustainability in due course of time.
- 6) To provide practical training facilities of the Kendra to the teachers and the students of vocational agriculture of the higher secondary schools.
- 7) To provide added training facilities in the area for home making and nutrition education for rural communities and gradually enlarging the training facilities to encompass other important areas such as home/rural crafts and cottage industries with the requirements of the integrated rural development in collaboration with the concerned organizations.
- 8) To implement all such schemes of the ICAR and other related organizations which intend to strengthen the training and technology dissemination programmes as well as follow-up extension activities of the Kendra.
- 9) To undertake on-farm testing of the technologies developed by the National Agricultural Research System (NARS) in agriculture and allied fields for their suitability and identifying the constrains.
- 10) To demonstrate the potentialities of various technologies and recommend for their adoption in maximizing yield/income per unit of time and area under different resource conditions.

Details of Activities Performed By KVK

1. Technology Assessment and Refinement

Technology Assessment and Refinement (TAR) refers to a set of procedures whose purpose is to develop recommendations for a particular agro-climatic situation/ location through assessment and refinement of recently released technology through participatory approach.

2. Frontline Demonstration

Front-Line Demonstration (FLD) is a concept of field demonstration conducted under the close supervision of scientists of the National Agriculture Research System .the technologies are demonstrated for the first time by the scientists themselves before being fed into the main extension system of the State Department of Agriculture.

3. Trainings

The following trainings are organized and conducted.

Training for farmers (On and Off Campus)

- The trainings are organized to disseminate needed technologies to farmers

Training for rural youth (On and Off Campus)

- The rural youth were trained in agricultural technologies and also essential skill in a particular enterprise

Training for extension personnel (On and Off Campus)

- The technologies needed for solving a particular farming problem and newly identified technologies apt for the district are disseminated to extension workers in government and Non-Government sector.

Sponsored training programmes (On and Off Campus)

- The financial assistance are sought from external agency for organizing trainingsto farmers, rural youth and extension personnel

Vocational training programmes (On and Off Campus)

- Vocational trainings are organized to impart skill and knowledge of a particular trade or enterprise to develop a trainee as a business man. These trainings are organized for farmers and rural youth

On Campus Trainings are organized at KVK when the target trainees are from more than one village

Off Campus Trainings are organized at any place other than KVK, when the target trainees are from one area.

4. Extension Activities

The various extension activities are carried out as follows

Method Demonstration: A method demonstration is given before a group of people to show how to carry out an entirely new practice or an old practice in a better way. It is essentially a skill training, where the emphasis is on effectively carrying out a job, which shall improve upon the result. It involves seeing, hearing, participating and practicing in a group which shall stimulate interest and action.

Farmers' Field Schools (FFS): FFS consists of a group of people with a common interest who get together on a regular basis to study the "how or why" of a particular topic. The topic covered can vary considerably from IPM, organic agriculture, and husbandry etc, to income generating activities such as handicrafts.

Field Day: A field day is a day in which an area containing successful farming or other practices is open for people to visit. This way, a group of farmers could witness the performance or results of certain practice (s) under local conditions. Field days could be planned to deal with one specific topic at a time or a number of items of interest to the farmers. The purpose of the field day is to permit extension clientele to observe personally, ask about successful and locally applicable practices, and to create a situation in which informal contacts and learning can take place. Field days are normally held once or twice a year, usually in each crop season. They are held on farmers' fields, regional research stations, agricultural universities and government farms to demonstrate successful farming techniques or research.

Exhibition: Exhibition is a planned and systematic display of real objects, specimens, models, charts and posters presented to public view for instruction, judging a competition, advertising or entertainment. It helps to create awareness, develop interests and stimulate action amongst the public. It accommodates both exhibits and display.

Displays use two dimensional or flat materials like pictures, photograph, chart, posters etc, while exhibits tend to use more three dimensional materials like real objects, specimens and models.

Field Visit: Visit to successful farmers' fields in addition to KVK farms to reinforce the relevant technologies imparted in the training programme. The principle of "seeing is believing" can be fulfilled. Field visit gives participants exposure to the real life situation and also provide an idea about the possible solutions to the problems. By this, the farm specific technologies can be given to each farmer.

Awareness Campaign: It is an intensive teaching activity undertaken at an opportune time for a brief period, focusing attention in a concerted manner on a particular problem, with a view to stimulate the widest possible interest in a community. Campaigns are launched only after a recommended practice has been found acceptable to the people as a result of other extension methods. Its purpose is to encourage emotional participation of a large number of people and to foster a favourable psychological climate for quick and large scale adoption of improved practices.

The other extension activities carried by the KVK include Advisory Services through over phone, Celebration of Important days, Animal/Plant Health Clinic, Diagnostic visit to the farms, Exposure Visit of farming community to successful farmers field, Research Institutes etc., Farm Science Club, Farmers Seminar/Workshop, farmers Group Discussions, Film show, Kisan Mela, Serving as Resource persons for other departments/agencies, meeting/workshop with Extension Personnel, Animal Treatment camps, Publications of Pamphlet, Folder, Leaflets, Popular Articles, Radio and TV talks, News Paper coverage etc.

Subburaj, Vice Chancellor i/c delivered the Inaugural address in the Srinivasa Ramanujan's 133rd Birthday Celebration organized by Dept. of Mathematics at GRI - DTBU on 22.12.2020.

Srinivasa Ramanujan's 133rd Birthday Celebration

Dr.B. Subburaj, Vice Chancellor i/c delivered the Inaugural address in the Srinivasa Ramanujan's 133rd Birthday Celebration organized by Dept. of Mathematics at GRI - DTBU on 22.12.2020.

One day Awareness Training Programme

One day sample nutritious vegetable garden preparation training programme on 16.12.2020 at S.Vadipatti was jointly organized by the Department of Lifelong Learning and Extension (DLL&E), Krishi Vigyan Kendra (KVK) and Unnat Bharat Abiyan (UBA), GRI, Gandhigram. The G.R.I Crèche Teachers 14 nos. and Ayahs 14 nos. 28 members participated in the training programme. There are 14 G.R.I Creche running under the Department of Lifelong Learning and Extension. Dr.L.Raja, Dean, School of Health Sciences and Rural Development, Director and Professor and Head, Department of Lifelong Learning and Extension, Dr.S.Kavitha Maithily, Coordinator, UBA and Mrs.K.Sri kumari, Scientist, KVK, GRI, Gandhigram discussed about the training on the previous day (15.12.2020). After discussion, P.Helan Jeyaseeli and S.Annalakshmi cleaned the site and prepared the soil for setting up the nutritious vegetable garden. The purpose of the training programme was to create awareness among the crèche Teachers and Ayahs regarding the nutritious food for 0 to 5 age children. The total number of children is 400 in the 14 crèches under the Department of Lifelong Learning and Extension is 400.

Dr.S.Kavitha Maithili, Director of UBA explained the importance of nutritious program and the nutrients required for the development of children and nutritional vegetable gardening can be used to plan the physical, mental and social activities of children. Mrs. K.Sri Kumari, KVK, Centre for Agriculture Science Gandhigram, Dindigul gave Lady's finger seed, Spinach seeds, Brinjal seeds, Green Chilli seeds, Tomato seeds, Snake gourd, Bitter Gourd, Bottle Gourd, Bean seeds and explained them about the procedure to form. The teachers were happy to learn the nutritious vegetable garden. Crèche Teachers and Ayahs promised to set up a home garden in crèches and at home and thereby set up food for the children. Mrs.M.Annamary Selvi thanked everyone who conducted the training and their precious time for this program.

Emergency Fund Activities of the COVID-19 Pandemic Gandhigram Creche and Children's Project

Gandhigram Creche and Children's Project organized the COVID-19 Emergency Fund activities during July and October 2020. In the month of July, the Funding Agency (Afnonlus) of the SAD, Focolare Movement, Italy had sent letters to all the implementing agencies to prepare proposals for receiving the COVID-19 Emergency Funds. We sent the proposal to them. The (Funding Agency) had permitted us to use the grant of Rs.1,65,000/- only from the previous year balance amount of Rs.6,47,056 for the poor families of Gandhigram Creche and Children's Project (children and parents).

The following activities were carried out under Covid-19 Emergency Fund.

1. Distributed medical kits to the children of the Gandhigram Creche and Children's Project
2. Provided financial assistance to ten poor families (who have lost their jobs) for their daily requirements like food, medicine, clothing and for their economic upliftment in general
3. Provided financial assistance to three students who have to be admitted in college

Organization of logistics for the concrete development of the activities:

1. Purchased the things required for medical kits
2. Distributed medical kits
3. Provided economical assistance to the families
4. Arranged suitable colleges for the children to join, and provided educational assistance
5. The existing staff had taken care of the above activities

Administrative aspects of the management:

1. Prepared the proposal for the funding agency
2. Received the fund from the funding agency
3. The Principal Coordinator administered the above activities by the help of the staff members
4. While carrying out all the activities proper awareness was created on social distancing, wearing the mask, hand washing and always being alert about Covid-19 pandemic.

The total number of children in our project is 166. Medical kits were planned to be distributed to the families of these children. The number of parents, grandparents and siblings is 434. The total number of family members is 600. Two masks were distributed to each member. Therefore totally 1200 masks were stitched. Along with the masks, two soaps, one sanitizer and an ayurvedic powder packet to increase children's immunity were given to the families in each bag. Therefore 166 bags were made ready for 166 families. All the three items were purchased from the Gandhigram Khadi Gramodyog (Village Industries) Store. Khadi (hand spun and hand woven) materials were bought from the Khadi Store to stitch masks. The masks were stitched by two women of the Self – help groups for their

financial up gradation. Two students of our project , Sabarishri and Masilamani , from Thopampatti village volunteered to pack the medical kits by the supervision of our staff members. These were neatly arranged in the bags. Distribution of the Medical Kits (8-10-2020, 10-10-2020 and 14-10-2020)

The staff members of Gandhigram Creche and Children's Project along with Dr.R. Venkataravi, Associate Professor in the Department of Lifelong learning and Extension distributed the medical kits in three villages, Melkaraipudur and Aharam on 8-10-2020 and at Chettiapatti on 10-10-2020.

In all the villages Dr. R. Venkataravi created awareness among the children and adults about the COVID-19 pandemic. The other staff members, Dr. R.Kalpna and Mrs. M. Annamaryselvi briefed the children regarding the utility of the medical kits. The other staff members, Dr. R.Kalpna and Mrs. M. Annamaryselvi briefed the children regarding the utility of the medical kits.

Children also spoke on this occasion about how they had spent their time during the Covid 19 pandemic by helping their parents at home, playing with siblings, doing creative activities and studying. A child from each village expressed their gratitude to those who had provided the medical kits. Prof.V.P.R.Sivakumar, Registrar of GRI was present to motivate the children through his talk and distributed the medical kits to the children on 14-10-2020.

M.Manisha, a student from Melkaraipudur, expressed thanks and gratitude on behalf of the children and their family members. She also briefly narrated about her fifteen years fruitful experience in the Gandhigram Creche and Children's Project that had developed her personality through her participation in various activities like skill trainings and workshops.

The Gandhigram Rural Institute - Deemed to be University conducted End Semester Examination for the final year students of UG & PG Programme at GRI from 17th Sep. 2020 with proper social distancing norms and other guidelines issued by the Govt. India.

116th Birth Anniversary

Dr. B. Subburaj, Vice- Chancellor i/c delivered the Presidential address and Dr. V. P. R. Sivakumar, Registrar delivered the Special address in the 116th Birth Anniversary of Dr.G.Ramachandran, Founder of Gandhigram at GRIDTBU on 07.10.2020.

Republic Day Celebration

The Gandhigram Rural Institute celebrated the 72nd Republic Day in its premises. Professor M.R. Kubendran, Vice Chancellor i/c, hoisted the national flag and delivered the Republic Day address. In his speech, he insisted on the need of working collectively to achieve the goals of our nation as entioned by our Honourable Prime Minister in his recent address to the people of our nation. He also pointed out that the GRI, being an unique university, has an extension component along with the regular teaching and research. He lauded the efforts of the teachers and students for their active participation in the Village Placement Programme conducted every year as part of the extension activities in the villages. Our institute rededicates itself to the cause of nation building.

Republic Day Celebration at Melkaraipudur

Gandhigram Creche and Children's Project, Department of Lifelong learning and Extension celebrated the 72nd Republic Day at the premises of the Creche Centre at Melkaraipudur on 26th January, 2021. Children holding the mini national flags welcomed every one. Manisha (Twelfth passed student) welcomed the gathering and explained about the significance of the Republic Day. She also spoke about her positive experiences in the project, and what she had learnt and gained since the last fifteen years. Mrs. Indira and Mrs. Vallimayil, members of the Self-help groups from Abhiraminagar, Gandhigram hoisted the national flag and the children and adults sang the national song and national anthem. Mrs. Indira and Mrs. Vallimayil motivated the children by their encouraging words. Mrs. Indira advised the children to follow and obey their parents and teachers.

Dr.L.Raja, Professor, Head of the Department and Principle Co-ordinator of the Gandhigram Creche and Children's Project, addressed the children on this special occasion. This was followed by short cultural programme organized by Manisha.

There were three dance programmes. The first group dance was based on the song "Achamillai Achamillai" (Be fearless) by the poet Subramanya Bharathi. The Second dance was on National Integration and the third was a brisk movement dance. Five children enacted a short drama about the importance of Tamil language.

The next programme was short oration by two children. A girl, Monika was dressed like Mother Theresa and spoke about her. A boy, Kathirvel was dressed like Subramanya Bharathi and spoke about him. At last the Balwadi children danced together with other children. All the children who participated in the cultural programme were given equal prizes. Dr.R. Kalpana, Field Organiser cum Research Assistant coordinated the entire programme and was assisted by Mrs.B. Ramajeyanthi, Secretarial Assistant and Mrs.M. Pushpalatha, Office Assistant. Mr.P.Venkkatesh, Multimedia Technician had done the photography.

Smriti Day

Dr. V.P.R. Sivakumar, Registrar and Faculties of GRI observed a SMRITI DAY and paid Floral Tribute to Dr.G.Ramachandran, Founder Vice-Chancellor on 17.01.2021.

Research team

The Research team of the Lifelong Learning and Extension, GRI submitted the Research Report on Situation Analysis on Child Marriage in Dindigul District to Mrs.L.Meenakashi, Dindigul District Child Protection Officer at Dindigul on 8th January 2021.

Mahatma's Memorial day

Dr.M.R. Kubendran, Vice Chancellor i/c addressed about Gandhiji's values and contribution to the society and Floral tribute in the Mahatma Gandhi memorial place along with Registrar, Faculty members and students in the eve of Mahatma's Memorial day at Gandhigram on 30-01-2021.

Unnat Bharat Abhiyan

"If we have to build the nation, we have to start from the village"
- Hon'ble Prime Minister Sri. Narendra Modi

The Gandhigram Rural Institute (GRI) is a participating Institute under UBA. It has selected nine villages: Achampatti, Agaram, Chettiyapatti, Chethirapatti, Kondamanaikenpatti, Kottur Avarampatti, Reyappanur, Ulampatti and Valaiyapatti in Dindigul, Athoor and Reddiarchetram blocks of Dindigul district to carry out UBA activities intensively. GRI has rich experience in planning and executing extension activities. The institute's vision is to promote a castless and classless society through instruction, research and extension. Hence the various departments and centres of the institute work almost on all the nine themes of Localization of Sustainable Development Goals through research projects, training programmes, extension activities and regular village placement programmes for students. Recognizing the extension of GRI, NCI, UBA awarded a perennial assistance award of Rs. 1,75,000/- in August 2020. GRI has constituted an advisory committee with senior professors from various disciplines to guide UBA activities. The executive committee consisting of ten young and vibrant Assistant Professors from various departments was formed to execute the work at field. This multidisciplinary team plans and executes programmes based on the people's felt needs by doing a situation analysis. Dr.S. Kavitha Maithily serves as the coordinator of UBA – GRI.

CERTIFICATE FOR PERENNIAL ASSISTANCE AWARD

This certifies that

**THE GANDHIGRAM RURAL INSTITUTE - DEEMED TO BE
UNIVERSITY, DINDIGUL, TAMILNADU**

has been awarded special Perennial fund of Rs. 1,75,000 ,for effective delivery of UBA mandate under national level competition among all Participating Institutions of UBA, and announced on 15 th August, 2020 by UBA National CoordinatingInstitute IIT Delhi .

Prof. Virendra Kumar Vijay
National Coordinator
Unnat Bharat Abhiyan

Unnat Bharat Abhiyan (UBA) is the flagship programme of the Ministry of Education, Government of India. This Programme has been evolved as a movement to connect Higher Educational Institutions (HEIs) with local communities to address rural India's development challenges through appropriate technological interventions. UBA was launched on 11th November 2014. UBA 1.0 or UBA Phase-1 was the Invitation Mode in which HEIs were invited to be a part of UBA as Participating Institutions (PIs). UBA 2.0 was launched on 25th April 2018 with the Challenge Mode, wherein all HEIs are required to adopt at least five villages willingly. An empowered Steering Committee has been constituted for actual implementation, continuous guidance, and monitoring of the programmes. Indian Institute of Technology, Delhi is the National Coordinating Institute (NCI) for UBA. The Regional Coordinating Institutions (RCIs) will act as nodal centers for promoting and facilitating UBA network in their region. The Gandhigram Rural Institute (Deemed to be University), Gandhigram, has been identified as one of the Regional Coordinating Institutions (GRI-RCI) to facilitate, guide, and monitor the activities of the PIs in eleven Districts of Southern Tamil Nadu (Dindigul to Kanyakumari). For this purpose, a MoU was signed by GRI with NCI on 6.3.2019 at Regional Coordinators Meeting held at IIT Delhi. GRI - RCI, is one of the members of the National Executive Committee and National Subject Advisory Committee for UBA.

As on 31.3.2021, 116 PIs were attached to GRI- RCI. GRI-RCI have been closely associating with the PIs in this Region to carry out their community outreach programmes successfully, both online and offline. GRI-RCI organized Online Interaction Programme on Proposal Development for Community Engagement on 19.6.2020 in collaboration with National Institute of Rural Development and Panchayati Raj, Hyderabad. Dr.V.P.R.Sivakuamar, Registrar, GRI, inaugurated and dedicated the Domestic Incinerator for the safe disposal of Corona Virus Masks at Vaddakku Sillukkanpatti Village, Thoothukudi District on 21.12.2020. This Project was commissioned by the UBA unit of the VOC College, Thoothukudi. The UBA unit of St.Mary's College, Thoothukudi organized series of self-employment training to the women in the adopted villages. Dr.V.P.R.Sivakuamar, Registrar, GRI and Dr.K.Ravichandran, Regional Coordinator, GRI, visited this self employment training centre at Korampallam village on the afternoon of 21.12.2020 and appreciated the organizers and the beneficiaries.

Dr.K.Ravichandran, Regional Coordinator, dedicated Biomethane Plant at Resource Recovery Park at Pottrayadi, Mylauri Town Panchayat, Kanyakumari District on 28.12.2020. This Project was carried out by the UBA unit of Rohini College of Engineering and Technology, Kanyakumari District. These two projects contributed for Swachh Bharat Mission of the Government of India. Dr.K.Ravichandran, Regional Coordinator, GRI, dedicated Solar Street Lamps for the use of the people in Kattuvilai and Pozhikkara villages, Kanyakumari District, 25.2.2021. This Project was carried out by the UBA unit of Holy Cross College, Nagercoil. GRI-RCI facilitated the PIs in this Region to organize various programmes under UBA, especially programmes in fight against COVID-19 and awareness generation programme on New Education Policy. The UBA units of 26 PIs in this Region have organized various programmes in fight against COVID-19. Notably, Sarada Krishna Homoeopathic Medical College, Kulasekharam distributed Homoeopathic Immune Booster Medicine to about 18 lakhs people in Tamil Nadu during this pandemic period. Also, 86 PIs organized awareness programmes on New Education Policy and the total population benefited were 26,472. Out of 78 PIs that were selected for Perennial Fund Award at all India level, from GRI Region, eight Institutions have received this Fund (including GRI as PI) Out of 827 applications received for Photo story competitions on UBA, five were selected, and from GRI Region, the Photo of the St.Mary's College, Thoothukudi District, has been selected. Regional Coordinator also delivered Talks in seventeen webinars on various aspects of UBA, which were organized by PIs in this Region other RCIs in the country. Regional Coordinator made periodic field visits to monitor the works of PIs and to encourage other HEIs to join with UBA.

Dr.V.P.R.Sivakuamar, Registrar, GRI, inaugurated and dedicated the Domestic Incinerator for the safe disposal of Corona Virus Masks in the presence of Dr.K.Ravichandran, Regional Coordinator, GRI at Vaddakku Sillukkanpatti Village, Thoothukudi District on 21.12.2020.

Dr.V.P.R.Sivakuamar, Registrar, GRI and Dr.K.Ravichandran, Regional Coordinator, GRI, visited this UBA Self Employment Training Centre at Korampallam village, Thoothukudi District on the afternoon of 21.12.2020

Vision

Unnat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India.

Mission

The Mission of Unnat Bharat Abhiyan is to enable higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India.

The Gandhigram Rural Institute formally submitted its application as one of the participating institutes under UBA in March 2018. Totally nine villages are adopted under UBA as given below.

Villages Adopted

S.No	Name of the Village	Taluk	District
1	Achampatti	Dindigul	Dindigul District
2	Agaram	Dindigul	
3	Chettiyapatti	Athoor	
4	Chathirapatti	Dindigul

4.	Nutrition Garden Demonstration	16.12.2020	GRI	30 Creche workers
5.	Nutritious Novel Snacks Preparation	29.12.2020	GRI	30 Creche workers
6.	Discussion with women in Valayapatti	18.02.2021	Valayapatti	25 village women
7.	Mushroom Cultivation	17.02.2021	KVK, GRI	25 SHG Members
8.	International Women's Day Celebration	08.03.2021	Ulagampatti	50 rural women

Nutrition Education to Rural Adolescent Girls

Unnat Bharat Abhiyan and Krishi Vigyan Kendra jointly organized nutrition education programme to rural adolescent girls at valayapatti village one of the adopted villages under UBA programme on 09.09.2020. Dr.S. Kavitha Maithily, Coordinator, UBA and Mrs.Sreekumari, SMS, KVK served as the resource persons. Initially they had a discussion with the girls to understand their food habits during pandemic. Then a lecture on iron rich foods was delivered and their doubts were clarified. Nutrition education games were also conducted for the girls. Mrs. Sreekumari visited the houses of adolescent girls at Valayapatti village and motivated them to have nutrition garden.

Webinar on "Eat Right to Stay Smart"

Unnat Bharat Abhiyan, GRI celebrated the National Nutrition Month "Poshan Maah" 2020 by organising a webinar on 'Eat Right to Stay Smart' in Collaboration with Department of Home Science with the objective inculcating healthy food habits among college students. The Webinar was organised on 26.09.2020 at 11 am through Google meet. One hundred students from GRI participated in the webinar.

Dr. S. S. Vijayanchali, Associate Professor and Head, Department of Home Science, welcomed the gathering. Dr. B. Subburaj, Vice chancellor I/C, The Gandhigram Rural Institute, delivered the presidential address. He appreciated the efforts of Department of Home Science in improving the nutritional status of the community through its nutrition education programme and asked the students should create awareness among their neighbours in taking nutritious foods during the pandemic period. Dr. K. Ravichandran, Co-ordinator, RCI- UBA delivered the felicitation address and stressed that the UBA volunteers should play a major role in improving the nutritional status of the community.

Dr.S. Uma Mageshwari Professor and Head Department of FSMD, Avinashilingam Institute for Higher Education, Coimbatore delivered a thought provoking lecture on the topic "Eat Right for Holistic Health". She focused on importance of nutrition, nutritional requirements during the various stages of life, and how to plan the diet. At the end of the session the participants clarified their doubts. Then Mrs. Tajunisha Begum CDPO, Kayathar Thoothukudi, discussed about "Fostering ICDS Programmes through HEIs". She stressed that the higher education institutions should come forward to impart adolescent education and nutrition education to parents in order to develop right food habits among the future generation. Both the sessions were informative and useful to the participants. Dr. S. Kavitha Maithily, Coordinator, UBA proposed vote of thanks. Dr.A. Tahira Banu, Assistant professor, Department of Home Science coordinated the programme.

Webinar on Creating Inclusiveness of Children for the Functionaries of Crèche and NGOs

The Webinar on 'Creating Inclusiveness of Children for the functionaries of Crèche and NGOs' was organized by Unnat Bharat Abhiyan, GRI in collaboration with National Institution of Public Cooperation and Child development, Regional Center Bangalore. This programme was organized on International Day of Persons with Disability 3rd December 2020 through zoom platform from 3:15 pm to 5:00 pm. One hundred participants like crèche workers, NGO personnel and students participated in the programme.

Dr.K.Ravichandhran, welcomed the gathering and explained the purpose of this webinar. He stated the sustainable goals and government programmes for disabled children. Prof.Vigraanth Babu, Assistant Professor, Department of Psychology, Kristu Jayanthi College, Bangalore served as the resource person. His lecture focussed on the developmental milestones of children, challenges to inclusiveness in the COVID-19 and creating pathways to improve Inclusiveness. The participants expressed their challenges and clarified their doubts.

At the end Dr.S. Kavitha Maithily, Coordinator, UBA proposed vote of thanks. Participants also submitted the feedback forms sent by NIPCCD.

Nutrition Garden - Demonstration

Unnat Bharat Abhiyan, GRI organized a demonstration on creating nutrition garden at the GRI crèche campus, S.Vadipatti village with the support of Krishi Vigyan Kendra, GRI. On 16.12.2020, a one day programme on Nutrition Garden was organized at S.Vadipatti village. Twenty eight crèche workers of GRI participated in the programme. This programme was organized based on the request made during the Nutrition Education programme held on 09.09.2020 at Valayapatti village.

Initially Dr.S. Kavitha Maithily, coordinator, UBA explained the importance of nutrition for healthy living and benefits of having nutrition garden in child care centres. Then Mrs. Sreekumari, Subject Matter Specialist, KVK, GRI handled a session on steps to be followed in setting up a nutrition garden and distributed the vegetable seeds to the participants and clarified the doubts of the participants.

After the lunch, She demonstrated the setting up of Nutrition garden, the participants actively involved in digging the pits and sowed the seeds

Training on Nutritious Novel Snacks Preparation

During the pandemic providing nutritious meals to children and to improve their immunity and nutritional status is a challenging task for parents. Realising this need Unnat Bharat Abhiyan in collaboration with Krishi Vigyan Kendra organized a one day training programme on Nutritious Novel Snacks Preparation to the crèche workers of Gandhigram Rural Institute. They in turn will impart the knowledge to the rural mothers. This programme was organized on 29th December 2020 at Gandhigram.

Smt. M. Annamary Selvi, Balwadi Supervisor delivered Welcome Address. Dr. L. Raja, Professor and Head, Department of Lifelong Learning and Extension, in his presidential address pointed out that good nutrition is very much essential for children who are in vulnerable situation. During Pandemic the mothers need to be educated about preparing nutritious diet with the resources available to them.

REGISTRAR

Mrs. Curlin, CDPO from Athoor, explained the efforts to be taken to improve the nutritional status of children during the pandemic period where the noon meal centres. She also stressed the need of preparing snacks at home which is more hygienic and healthy. She demonstrated the preparation of Aval balls, millet rolls, The crèche workers actively involved in the preparation of tasty and nutritious snacks and taken a oath that each will impart the knowledge and skill gained through this training programme to at least five rural mothers. Thus this programme is intended to cover rural mothers in UBA adopted villages of Gandhigram. At the end of the programme, Dr.S. Kavitha Maithily, Coordinator proposed vote of thanks to the resource person and the participants.

Discussion with Rural Women on Herbal Collection

Under UBA it is planned to create an employment opportunity for rural women based on their local resources. In valayapatti village many families are engaged in collecting the herbs from sirumalai hills and selling it to the local traders. So it is thought that if training is given to make the herbs collected into a value added product, the income of rural women could be enhance. With this intention an initial discussion was held with the herb collectors at valayapatti on 18.02.21. This meeting was arranged to identify how many women are engaged in this activity, what are the various types of herbs they are collecting and the seasons when the herbs are available. It was understood that 15 to 20 women are engaged in this activity. When they don't have MGNREGA work, they will go for herbal collection. They will collect the herbs, just sun dry it and sell it to the traders at Dindigul. They don't have any knowledge or idea on processing technology or making the herbs into value added products like tea bags, facial packs etc. Still more exploratory interviews need to be conducted in this regard. As summer is approaching no hers were available at this season. It was decided to have further discussions and to find a suitable training programme for these women.

Training on Mushroom Cultivation

Unnat Bharat Abhiyan, GRI organized a training programme on Mushroom Cultivation to 30 SHG women on 17.02.2021 along with Krishi Vigyan Kendra of GRI. In order to provide livelihood opportunities to rural women this

Mrs M. Sahintaj, SMS, KVK explained the benefits of mushroom cultivation and how to maintain and grow it, and the processing method. Mushroom farming is one of the most profitable agri-business that you can start with low investment and less space. Button mushroom, oyster mushroom and paddy straw mushroom are the three significant types used for Indian cultivation. Paddy straw mushrooms can grow in temperatures ranging from 35-40 degree Celsius. On the other hand, oyster mushrooms grow during the winter seasons. All these mushrooms of commercial importance are grown by different methods and techniques. Mushrooms are grown in unique beds known as compost beds.

A pure culture of *Pleurotus* sp. (oyster mushrooms) needs for inoculation on the sterilized substrate. It takes 10-15 days for mycelial growth on cereal grains. Oyster mushroom can cultivate many agro-wastes with cellulose and lignin, which helps in more enzyme production of cellulose correlated with more yield. These include straw of paddy, wheat and ragi, stalk and leaves of maize, millets and cotton, used citronella leaf, sugarcane bagasse, sawdust, jute and cotton waste, dehulled corncobs, pea nut shells, dried grasses, sunflower stalks, used tea leaf waste, discarded waste paper and synthetic compost of button mushrooms. It has reported that jowar and bajra grains are superior to wheat grains. Freshly prepared (20-30 days old) grain spawn is best for spawning. Old spawn (3-6 months) stored at room temperature (at 20-30°C) forms a very thick mat-like structure due to mycelium aggregation, and sometimes young pinheads and fruit bodies start developing in the spawn bottle itself. Spawned bags, trays or boxes are arranged in a dark cropping room on raised platforms or shelves for mycelium colonization of the substrate. However, mycelium can grow from 10°C to 33°C; the optimum temperature for spawn running lies between 22°C to 26°C. When the mycelium has fully colonized the substrate, the fungus is ready for fruiting. Contaminated bags with molds may be discarded, while bags with patchy mycelia growth may be left for few more days to complete mycelial growth. The correct shape for picking can be judge by the shape and size of the fruit body. The fruit bodies should be harvest before spore release by twisting so that the stubs are not left on the beds (straw). It is advisable to pick all the mushrooms from a cube, and the next flush will appear at one time. More than 500 kg of fresh mushrooms per ton of dry wheat or straw can be obtained in the case of crops produced in 45-60 days.

The trainees were given hands on training to fill the bags and how to spread the seeds and hang. They also visited the mushroom cultivation unit and understands the steps in cultivation. Thus they learnt the concepts through learning by doing method

International Women's Day

The theme for this year's **International Women's Day** is #ChooseToChallenge. It indicates that a "challenged world is an alert world, and from challenge comes change". The programme throughout keeps that mind and made women dare to choose their challenges.

Unnat Bharat Abhiyan and Department of Lifelong Learning and Extension organised International women's day celebration on 8th March 2021 at Ulagampatti. Creche teachers, Staff and students of Department of Lifelong learning, and UBA volunteers attended the programme. Smt. T.Philominamina Rose Mary, Creche teacher delivered the welcome address. Dr.L. Raja, Professor and head, delivered the presidential address. Dr S. Kavitha Maithily, Coordinator, Unnat Bharat Abhiyan, delivered the special address and motivated women to face the challenges in life with a positive thinking. Dr R. VenkatRavi, Associate Professor, Department of Lifelong Learning and Extension delivered the felicitation address and shared his experiences and expressed the women are powerful force who can change the world more peaceful. Dr.S. Kavitha Maithily honoured Mrs D. Aiswarya and Mrs M. Murukaselvi with a shield appreciating performance in their field of work.

Crech workers and UBA volunteers of GRI happily made their performance in dance and songs. After that conducted games that all have morals that keep scene to this International Women's Day theme and mention everyone as winners. After a break for lunch, Balwadi workers shared their experiences happened in their life and how they overcome their challenges. Smt. M. Annai Mary Selvi and Balwadi workers sang an awareness song for women's empowerment and also conducted a drama on 'parenting a child'.

Swachh Bharat

The Swachh Bharat or Clean India Mission was conceived by the Hon'ble Prime Minister, Sri Narendra Modi to motivate and galvanise Indian citizens from all walks of life to achieve by 2019 Mahatma Gandhi's dream of a clean India. The Mission, visualized as a thanksgiving offering of the Indian populace to the Father of the Nation on his 150th birth anniversary, envisages a mass upsurge for ensuring cleanliness all across the country and the gradual emergence of an unsullied India through the reorientation of individual and collective habits. In response to the noble call of the Swachh Bharat Mission, the following Swachhata Hi Seva programmes were conducted.

- ❖ Organizing Swachhata Rallies
- ❖ Waste Management Activities
- ❖ Door to Door Swachhata Awareness
- ❖ Mass Cleaning Activities at Public Places
- ❖ IEC Awareness Activities
- ❖ Wall Paintings (Rangoli)
- ❖ To participate / organize various health awareness programmes

To Assist Herbal drink (Kabasura Kudineer) to provide the people's to improve their immunity

Participated in a Immunization Programme

Pradhan Mantri Bhartiya Janaushadhi Kendra

Profile

The Health centre is running successfully in the GRI campus from August, 2016 onwards. The Health Centre has been named after GRI's co-founder and doyen Dr. T.S. Soundaram as "Dr.T.S. Soundaram Health Centre."

At present, we have upgraded our centre with Defibrillator, Urine analyzer, Biothesiometer, Suction apparatus, Cardiac monitor, Syringe pump, Automatic Hematology Analyzer, Bio Chemistry Analyzer, ELISA Reader, ELISA Washer and Microscope. The lab is kept open during working hours of the health centre to provide diagnostic facilities.

Pradhan Mantri Bhartiya Janaushadhi Kendra

The Pradhan Mantri Bhartiya Janaushadhi Kendra (PMBJK) was established in the Gandhigram Rural Institute (Deemed to be University), Gandhigram at Dr.T.S.Soundaram Health Centre for making quality medicines available at affordable prices for GRI community and Public, particularly the poor and disadvantaged through exclusive outlet so as to reduce and redefine the unit cost of treatment per person.

Activities

- 2471 out patients utilized the services in the Health Centre during 2020-2021.
- COVID-19 symptoms screening at GRI entrance regularly.
- To display the COVID-19 awareness pictures and posters at GRI campus.

ARIIA Certificate

The certificate is a dark blue document with a yellow curved border on the left and right sides. At the top, there are three logos: the Innovation Cell logo (Government of India), the Ministry of Education logo (Government of India), and the AICTE logo. Below these logos, the text reads "ATAL RANKING OF INSTITUTIONS ON INNOVATION ACHIEVEMENTS". The main title is "Certificate of Recognition". Below this, it states "This is to certify that" followed by "THE GANDHIGRAM RURAL INSTITUTE (DEEMED TO BE UNIVERSITY)". The certificate then states that the institute is recognized in the band "PROMISING" under the category "University & Deemed to be University (Govt. & Govt. Aided) (Technical)" in the ARIIA 2021, a flagship program of the Ministry of Education, Government of India. The date is "29th December 2021." At the bottom, there are three signatures and their respective titles: Dr. Anil D Sahasrabudhe (Chairman, AICTE), Shri K Sanjay Murthy (Secretary (HE), MoE), and Dr. Abhay Jere (Chief Innovation Officer, MoE's Innovation Cell).
