# Executive Summary

## Introduction

The Gandhigram Rural Institute (GRI) traces its origins to 1947, the year of India's independence. Gandhigram, a village purposely named after the father of the Nation, was established by a team of disciples of Babuji, led by Dr.T.S.Soundram and Dr.G.Ramachandran with a view to providing higher education to the rural youth and to train them as social engineers who would serve the rural masses and contribute to the reconstruction of rural India.

The Gandhigram Rural Institute (GRI) was established in the year 1956, under the auspices of the National Council for Rural Higher Education (Ministry of Human Resource Development / Ministry of Education, Government of India) as one of the 11 Rural Institutes established in various parts of the country. Right from its inception, GRI has founded its educational principles on the revolutionary concept of *Nai Talim*, a new system different from the mainstream of western higher education in India, with extension as the central focus, linking teaching and research.

While all the other 10 rural institutes got affiliated to their neighbouring universities, GRI established its name by steadfastly pursuing its mission of taking higher education to the rural masses. This Institute has its genesis in the extension programmes conducted in the rural environs which made extension as the pivotal component of education.

GRI, since its inception, has been rendering yeomen service by empowering the rural populace through educational and extension services. The educational model blended with Gandhian ideologies was recognized as a pioneering practice to educate and train social architects for integrated rural development. In recognition of its noble and relentless services rendered in the realm of the triangulated dimension of higher education, namely, teaching, research, and extension, GRI was conferred with the status of a Deemed to be University in August 1976 by the University Grants Commission. The Institute is governed by the Ministry of Education, Government of India, and is fully funded by the University Grants Commission, New Delhi.

The curricular model developed at GRI integrating teaching, research and extension earned the Institute the status of a Deemed to be University in 1976, from UGC. GRI was one among the two universities in Tamil Nadu accredited with the Five Star Status by NAAC in 2002 (1<sup>st</sup> Cycle). Subsequently, it was accredited with 'A' Grade in the 2<sup>nd</sup> and 3<sup>rd</sup> cycles in 2010 and 2016 respectively. In the NIRF ranking ladder, the institute was placed in the rank band 151-200 among universities of the country in NIRF 2022; GRI has been ranked the rank band 101-150 in NIRF 2021, 91<sup>st</sup> in 2020, 75<sup>th</sup> rank in 2019, 79<sup>th</sup> rank in 2018 and 91<sup>st</sup> rank in 2017 among universities.

The functional framework of GRI is deep-rooted in Gandhian ideologies of education and extension and its core objectives are: *to provide instruction and training in such branches of learning as will promote a classless and casteless society; to provide for research and advancement and dissemination of framework; and to function as a centre for extension work leading to integrated rural development.*

GRI has eight schools, eighteen departments and nine centres, apart from the Central Library, Physical Education and DDU-Kaushal Kendra. Under this academic setup, GRI offers 62 academic programmes ranging from certificate courses to doctoral programmes. As per statutory requirements, select programmes offered by GRI are approved by AICTE and NCTE.

The quality of teaching and learning at GRI is assured by 111 well-qualified, experienced and committed faculty members. The vigour of research on campus is promoted by 488 research scholars and 3 post-doctoral fellows. As many as 104 permanent non-teaching and technical staff offer support to teaching, research and extension activities. To meet the needs of the ever increasing student strength, 148 Adhoc teachers have also been appointed.

## Academic Programmes

The curricular design of the programmes offered at GRI pivot on core and allied skill development of the graduating students with due provisions to imbibe social and cultural values and help the students emerge as social architects. The institute is determined to develop socially responsible and professionally

competent graduates to meet the demands for human resources in educational, industrial, research and development and social service sectors. The institute offers mandatory value-based courses on “Gandhi’s Life, Thought and Work” and “Gandhi in Everyday Life” in order to implant Gandhian values in the younger generation.

During 2021-2022, GRI offered 22 PG (2 years), 6 PG Diploma (one year), 2 Five-year Integrated, 5 UG (4 years), 11 UG (3 years), 8 B.Voc. (3 years), 3 Diploma (2 years), One Diploma (one year), 2 D.Voc. (1 year) and One Certificate programmes apart from B.Ed. Programme. The Institute follows the Choice Based Credit System (CBCS) regulations of the UGC. Out of the 1499 students who appeared for the End Semester Examinations, 1332 students passed, constituting a pass percentage of 89. The number of Ph.D. degrees awarded during the year was 70. The institute has been following the semester examination pattern since 1976. The Choice Based Credit System (CBCS) is in practice since 1996.

### **Admission**

Gandhigram Rural Institute adopted online admission system and was able to reach graduating aspirants from across the country and beyond, during 2021-2022. The number of applications received through online registration was 32252 out of which 30112 applications were found eligible. Out of this, 1617 students were admitted to various academic programmes offered during the year. As in the previous years, female students have outnumbered male students. Though the majority of enrolled students are from Tamil Nadu, GRI has also attracted students from other states of India, namely the Bihar, Kerala, Lakshadweep, Pondicherry and Telengana West Bengal. The enrolment for Ph.D. programmes was 72. GRI follows the reservation policy of the Government of India as well as the norms laid by UGC. Admissions are strictly based on merit.

### **Funded Research Projects**

Funded projects are a functional entity of the research culture and climate of a higher educational institution. The faculty members of GRI submitted 88 project proposals to funding agencies, namely, UGC, DST, CSIR, ISRO, BRNS, IRMA, ICSSR, RGNIYD, DRDO, DBT, ICMR, PCRA, KSCSTE, NISE, AICTE, MNRE, NBHM and State Planning Commission, Tamil Nadu with a total budget outlay of Rs.34.12 crores. A sum of Rs.1.20 crores have been received during the period under report.

At the department level, five departments have received funds under UGC-SAP and two departments under DST-FIST (Level I & II).

### **Conferences / Workshops / Seminars Organized**

Being a vibrant educational and research hub, GRI regularly organizes a number of programmes to create platforms for knowledge sharing and dissemination on the latest trends and technologies. During the year under report, 80 programmes were organized viz., 1 International Conference, 1 International Workshop, 4 International Training / Special Lecture programmes, 7 International Webinars, 10 National Workshops, 13 National level Training / Special Lecture programmes, 11 National Webinars, 1 State level Symposia, 6 State level Training / Special Lecture programmes, 4 University/College level Workshops, 16 Training / Special Lecture programmes and 5 University level Webinars. A total of 12,937 participants, covering faculty members, scientists, research scholars, and students have benefitted through these programmes.

### **Participation in Conferences / Seminars/ Workshops / Faculty Development Programmes**

The faculty members are encouraged to augment their domain knowledge, share and upgrade their expertise by participating in academic and research platforms. They have participated in 147 such programs and have presented 44 research articles. Towards knowledge dissemination, faculty members delivered 287 keynote address and invited lectures.

The Institute periodically arranges faculty development programmes and workshops aimed at quality enrichment. Seven faculty members attended Refresher Courses, one faculty member attended a Short Term Courses and 10 faculty members attended Faculty Development Programmes conducted by Human Resource Development Centres of various universities.

## Research Publications

Research is an important dimension of higher educational institutions. In this regard, GRI is putting in its best efforts to enhance its visibility through quality research publications. The faculty members have brought out 236 publications in reputed and refereed journals, including those listed by the UGC during 2021-2022.

The bibliometric details of the publications up to 2023 are: 2911 Scopus (h-index: 88) and 2426 by Web of Sciences (h-index: 82). Additionally, 31 Conference Proceedings, 11 books and 54 chapters in books have been authored by the faculty members. GRI promotes research publication culture among the researchers through its two journals, namely, *Journal of Extension and Research* (ISSN: 0972-351X) and *Gandhigram Literary Review* (ISSN: 2278-8190).

## Visits Abroad & International Associations

The quality of research in GRI has been opening up newer avenues for collaborations / associations with Universities / Colleges overseas. One faculty member was invited to UCSI University, Malaysia during the year under report.

## Research Fellowships

A total of 74 research scholars received funds under UGC-RGNF, UGC-MANF, UGC-EMERITUS, UGC-DSRPFHS, UGC-SGC, UGC-PDFSS, UGC-PDFWM, UGC-JRF, UGC-SRF, CSIR-SRF, UGC-BSR, UGC-SVSGC, UGC-SJRPFGC, DST-PDF, DST-Inspire, ICSSR-PDF, ICMR and other schemes.

## MoUs and Collaborations

In 2021-22, GRI has signed 21 MoUs with reputed educational institutions / organizations in addition to 41 collaborations.

GRI has signed an agreement with National Database Management Limited (NDML) for uploading the students' credentials in the National Academic Depository (NAD), and as on date 6042 students have registered on NAD for which a link is provided in the Institute's website. From the year 2021-22 onwards, the NAD is being maintained through DigiLocker.

## Extension Programmes

The extension and outreach activities aimed at integrated rural development are the prime pillars of GRI. For this purpose, Village Placement Programmes (VPP) and Extension Activities are amalgamated suitably into the curriculum of all the programmes offered at GRI. The VPP greatly enables the GRI staff and students to get hands-on experience on the problems and challenges of rural life.

In view of Covid-19 situation students were not placed in the villages as part of Village Placement Programme (VPP) for the academic year 2021-22. However, designed a process and obtained data from the students on their awareness of rural issues. It is considered as methods for "Experiential Learning" which is the prime goal of Village Placement Programme (VPP). The UG and PG students who were studying the academic year 2021-22 have participated in the survey. The survey was conducted through on-line.

As a national recognition, the Ministry of Rural Development, Ministry of Panchayati Raj and Ministry of Drinking Water and Sanitation of the Govt. of India have recognized GRI (DU) as a National Level Monitor (NLM).

## Unnat Bharat Abhiyan

UBA 2.0 was launched on April 25, 2018, with the Challenge Mode, wherein all HEIs are required to partner with minimum of five villages willingly for community outreach. The Ministry of Human Resource Development, Government of India, identified the Gandhigram Rural Institute (Deemed to be University) as one of the Regional Centres for UBA in March 2019 covering State of Tamil Nadu, Kerala, Karnataka, Andhra Pradesh, Telengana and Union Territories of Puducherry, Andaman & Nicobar and Lakshadweep.

GRI has adopted nine villages from three Taluks, covered under the Unnat Bharat Abhiyan (UBA) programme of the Government of India. Activities aimed at the upliftment of villages were carried out under UBA.

## Extension through Community Outreach

The Gandhigram Rural Institute (Deemed to be University) is being fully funded by the Ministry of Education, Government of India. The UGC, New Delhi has developed academic programs in rural development, rural economics and extension education, rural oriented sciences, co-operation, development administration, rural sociology, English, Tamil and Indian languages. The institute is also offering Engineering, Technology related academic and vocational educational programs.

Gandhigram Rural Institute (GRI) is quite active on both campus and off campus (rural areas) in the vicinity, for mutually benefitting and enriching one another. Besides, its contribution in teaching, from Pre-primary, certificate, diploma, degree and all the way to Post-doctorate levels. The Institute applies the learning from both scientific and social research to solve contemporary rural problems. The curriculum is a combination of theoretical, practical and extension approaches. The Institute has become home to many pioneering models of rural development programmes. The students and scholars who emerge from its portals tend to meet the personnel needs of rural development programmes under various governmental and non-governmental organizations.

The three dimensional approach of higher education namely teaching, research and extension has become a highly celebrated model, earning global and nationwide appreciation. Started in a small way the Institute has evolved into a reasonably large and expansive educational complex comprising of 8 schools, 16 departments and 12 Centres offering various academic and also vocational programs, ranging from certificate courses, to Graduate programmes to Doctoral and post-Doctoral Programmes.

The curricular model developed at GRI organically integrating teaching, research and extension components has earned the Institute, the status of Deemed to be University in 1976 by UGC, the five-star status by NAAC in 2002, 'A' Grade during the re-accreditation in 2010 by NAAC and 'A' Grade in its third cycle of reaccreditation in the year 2016.

Thus the Institute has been taking efforts to design its academic programs in tune with the demands of the society and industry by providing a learner-centric, transparent teaching and evaluation methods. Through the action-oriented research and scientific research, the Institute contributes substantially to the research domains and concentrates on solving the rural issues at micro levels. The participatory and decentralized governance of Gandhigram Rural Institute strives for achieving global standard of excellence in all the dimensions of education without compromising on its rural character and Gandhian values.

In the context of sustainable development, rural extension has a very essential role to play. The responsibilities of Extension Service Providers (ESP) need to be comprehensive and holistic in contents and scope. It is more than the technology transfer. It normally aims at the task of disseminating appropriate technologies and good practices.

Higher Education Institute (HEI) as an Extension agency need to exercise a more proactive and participatory role and serve as Knowledge and Information "Providers", initiating and facilitating mutually meaningful and equitable knowledge-based transactions among community, researchers, trainers, and other stakeholders. The new trends and developments to be integrated in rural extension are concerned with the fields of

- **Approaches and Methods:** Participation and other new approaches in adult education, farmer field schools, market orientation and value chains, livelihood concepts, knowledge and innovation systems;
- **Structures and Organizational Issues:** Privatization, decentralization, partnership and new dynamics in rural development;
- **Extension Aids and Media Use:** Ongoing digitalization, digital photography and video, classical internet services, including search engines, web services, opening up new dimensions of access to information, of e-learning and distance learning, and of networking among professionals as well as among clients.

In this context, it is pertinent to have an understanding of the field level experiences which the GRI as an Extension Service Provider (ESP) planned and managed the Field Outreach and Community Engagement Programmes during 2021-22 academic year. This year is recovery phase for many academic and field based programmes after COVID19 situation and resultant lock-down for a long period. It is a major challenge for the various Departments in the GRI to plan and execute the field level

programmes. Hence, there were few initiatives taken up during 2021-22 to reach the village community and also educate the students on the rural issues. The Report is a collection of information on various efforts by Centres /Departments / Schools. The programmes and events as part of the Community Outreach are presented in the following framework, they are

- Institutional Visits / Field Visits by the Students
- Environmental Building
- Trekking by students
- Celebrations at Village level including National Days
- Taking Hindi to Villages
- Awareness Generation Programme
- Industrial Visit
- School Visit
- Women and Community Centric Programme
- Special Efforts to combat COVID19 by Department of Lifelong Learning and Extension

## Department of Rural Development

### Profile

The Department of Rural Development was established during the year 1988 as a prime wing of the Institute. The Department plays a crucial role in enabling the institute achieving its overall objective namely integrated rural development. The Centre for Development Studies (CDS) is functioning under the School of Health Sciences and Rural Development, Gandhigram Rural Institute (Deemed to be University), Gandhigram. The Centre offers two academic programmes namely M.A. in Rural Development Studies (RDS) and Ph.D in the same discipline.

### M.A. in Rural Development Studies (RDS)

The term “Development” broadly refers to the range of interventions that purport to advance and secure individual and social well-being in a sustainable and equitable manner. Improvement in the quality of life of rural people is the important agenda of rural development programme. Rural development implies both the economic betterment of people as well as greater social transformation. In order to achieve this, planned attempts have been made to eliminate poverty, ignorance and inequality of opportunities. A wide spectrum of programmes are being undertaken to alleviate rural poverty. The Ministry of Rural Development places importance now on health, education, drinking water, housing and road so that the quality of life in rural areas improves and the fruit of economic reform are shared by all sections of the society. A forceful engagement with this domain needs trained human resources with varied backgrounds, capacities and interests and an ethical outlook that provide inspiration for development action. The CDS intends to contribute through its educational programmes to the knowledge and practice of rural development in India. It is recognized that development is not a unitary discipline but an integrative field that brings together understandings from the social and behavioral sciences, the humanities, science and technology within a framework of analysis, policy and institutional action.

This programme intends to prepare individuals capable of informed and thoughtful development action, empowered with awareness of the complexity, having depth of the discourse on rural development and contributing for policy and action with special reference to the Indian context. Further, an important feature of the above programme is that it attempts to equip the students with training in skills that they can put to use in any challenging situation either in the field or in the policy sphere. Our students are enabled to make smooth transitions from the world of studentship to the world of trained work.

## Department of Sociology

### Profile

Establishment of the Department coincided with the conferment of the Deemed to be a University status to the Institute in the year 1976 and carrying out Teaching, Research and Extension activities since its inception. Earlier the faculty of this department engaged in offering the only PG course with a thrust on Rural Society in the Institute namely M.A in Rural Services in which Sociology was the Major Component. The nomenclature of this PG course was replaced with M.A in RS&PR (Rural Sociology and Panchayat Raj). Later the same M.A course was changed as Rural Sociology and finally taking into consideration of the felt needs and future of the students, the PG course was modified and re-named as M.A in Sociology in the year 1990. M.A.(5Yr. Int.) Sociology programme is introduced during the academic year 2017-18 in the place of M.A.Sociology programme. The Ph.D. programme was launched in the year 1986 and produced 30 Ph.D. Scholars so far. The M. Phil. Programme in Development Sociology was introduced in the year 1996 with an inter-disciplinary thrust and produced more than 100 M.Phil. Scholars and majority subsequently pursued Ph.D. programme also.

The Department has organized many Seminars, Symposia and Workshops focusing on marginalized communities and also conducted training programmes for the benefit of NGOs, Government organizations and Community Based Organizations (CBOs) in villages with funding support from UGC, ICSSR, MHRD, UNICEF and NFCH etc. As for extension programmes, the PG students have been involved in various kinds of rural reconstruction activities in the service villages of GRI, by adopting the approach of Micro level Planning (MLP) and assignment of five families to each student to show result oriented extension services during the semester period for which students are to submit the report on extension services at the end of each semester. In addition, sensitization and awareness generation programmes with specific reference to social welfare are taken under the scheme of taking the University to the door steps of the villages by adopting the strategy of reaching the unreached. The extension based development intervention has been undertaken within the broad frame work of Millennium Development Goals (MDGs) and Providing Urban Amenities in Rural Areas (PURA) and Unnath Bahrath Abhiyan (UBA). This exercise is undertaken to link the class room theoretical deliberations with practical field based learning for the students. The social lab/observatory technique adopted in the extension service has made the students to get involved practically in action research based micro level development planning oriented village development endeavors. The department has also facilitated the establishment of the Centre for the Study of Social Exclusion and Inclusive Policy in GRI with funding support from UGC in the year 2010 during X<sup>th</sup> plan period, initially at a cost of Rs.2 crores and later continued with increased financial support for pursuing inclusive growth through investigations, advocacies, seminars besides teaching, research, extension activities.

It started to function in June 2010 as per UGC guidelines. Since its inception, the centre is marching towards achieving the goal of a more inclusive and just society through teaching, research, extension and networking with the third sectors. So far, the centre has conceptualized and understood the process, nature and forms of exclusion and has identified the excluded communities such as Dalits, Adivasis, Women, children, minorities, ageing population and Transgender etc. located in the vicinity of GRI. Currently, the centre is engaged in identifying the unmet need of policies, the challenges and prospects of inclusive policies.

## Department of Rural Industries and Management

### Profile

Department of Rural Industries and Management was established in 1956 and inaugurated by Pandit Jawaharlal Nehru.

### Objectives:

- To provide academic and techno-managerial inputs to youth on rural industries
- To promote rural industries and entrepreneurship in rural areas through students and community engagement.

### Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	Ph.D	1993
2.	MBA	2019
3.	BBA	2015
4.	Diploma in Textile Technology	1987

## Department of Mathematics

### Profile

The Department of Mathematics was established in the year 1965 and Diploma in Rural Service (Mathematics) was offered till 1975. Then B.Sc. Mathematics Programme is being offered from 1976 onwards. Two year PG Programme M.Sc. Mathematics is being offered from 2008-2009 onwards. Ph.D. Programme is being offered from 1992-1993 onwards. B.Sc., B.Ed. in Mathematics is being offered from the academic year 2018-19. M.Phil. Mathematics (regular) is being offered during the academic year 2019-20. Department is supported by National Board for Higher Mathematics (NBHM Library Grant) with more than 9663 books. Department is supported by FIST grant from 2007-2019 (Level I – 2007-2013 and Level II -2014-2019). Department is supported by UGC-SAP (DRS-I & II) from 2004-2009 & 2009-2014. Department is supported by UGC-SAP (DSA-I) from 2018-2023 equipped with state of art Computer Lab facilities.

## Department of Physics

### Profile

The Department of Physics is DST- FIST supported. It is one of the oldest Departments of the Gandhigram Rural Institute, established in the year 1965. From the inception, the Department has been working for the development of the rural populace by imparting higher level education and job oriented (skill based) training programs for the sustenance of their livelihood. Further the Department has highly enriched scholarly faculties working in frontiers of physical sciences specifically the macro materials (polymer nano composites, bionano composite, semiconducting composites) down to nano materials like nano structures, actuators, nano sensors and also concentrating research on energy storage devices such as supercapacitor, batteries and fuel cells.

### Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	Ph.D	1993
2.	M.Sc. Physics	1987
3.	B.Sc. B.Ed. (Int) Physics	2018

7.	Dr. P. Kalimuthu	Assistant Professor
8.	Dr. M. Seenivasa Perumal	Assistant Professor
9.	Dr. M. Arunachalam	Assistant Professor

### Thrust Areas of Research

- ❖ Surface Protection Strategies
- ❖ Nano Chemistry and Nanocomposites
- ❖ Supramolecular Chemistry
- ❖ Food Chemistry
- ❖ Environmental studies and Waste water treatment
- ❖ Dye Sensitized Solar Cells
- ❖ Superhydrophobic and Sol-Gel coatings
- ❖ Natural Products Chemistry
- ❖ Environmental Chemistry
- ❖ Polymer Composites
- ❖ Photodegradation of pollutants
- ❖ Corrosion Inhibition
- ❖ Synthetic Organic Chemistry

## Department of Biology

### Profile

The Department of Biology was established in 1978. It offers B.Sc., Microbiology, M.Sc., Botany, M.Sc., Zoology, M.Sc., Microbiology and Research programmes viz., Ph.D in Botany, Ph.D in Zoology and Ph.D in Microbiology. This Department has organized four Refresher Courses and conducted many National Level Seminars & Conferences. This Department is concurrently organizing many Short Term Trainings & Consultancy on Mushroom Technology, Vermitechnology and Spirulina cultivation to the rural poor through projects funded by DBT, UGC & CAPART, New Delhi. The vision of the department is to develop manpower, facilities and infrastructure in the field of Biological Sciences so as to become vibrant in teaching, research and extension. The missions are to offer programmes suitable for the prevailing conditions, to conduct training for the transfer of Biological Technologies, to promote application and value oriented research for rural development and to develop an advanced centre for promoting Biological Sciences.

### Academic Programmes Offered

## Department of Home Science

### Profile

From the inception the Department of Home Science offered a course on Diploma in Rural Services (DRS). When the institute became a Deemed University in 1976, the department was introduced B.Sc. Home Science, M.Sc. Home Science Extension and Communication, M.Sc. Food Science and Nutrition, M.Phil and Ph.D programme. The Department has produced 46 Ph.Ds and at present 19 scholars are recurrently doing Ph.D on full time and part time basis, out of which seven of them are receiving fellowship from UGC. The Department has generated Rs. 46 lakhs through funded projects. The UGC has sanctioned Rs.51 lakhs for B.Sc. Textiles and Fashion Design under Innovative Programme for a period of five years from 2012 – 2017. The objective of the department is to produce able teachers, administrators and entrepreneurs, Concentize the community on nutrition and health. The Department also offers B.Voc. Footwear and Accessories Design, B.Voc. Food Processing and B.Voc Food Testing and Quality Evaluation under DDU – Kaushal Kendra.

- ❖ Technical Textiles – Textile composite, Medical and Protective Textile

## Department of Computer Science and Applications

### Profile

Established in the year 1996, the Department of Computer Science and Applications has emerged as a pioneer in imparting Higher Education on Computer Science among the rural students in this part of the country. The Department has highly qualified faculty members with rich experience in teaching and research. The Department offers two Master's programmes namely, M.C.A. and M.Sc.-IT that lead to rewarding careers opportunities. The department also offers Ph.D. Programme since 2000 and M.Phil. Programme from 2015. Presently, 17 scholars are pursuing their doctoral degrees and 35 scholars have been awarded so far. The thrust areas of research are Digital Image Processing, Medical Image Segmentation & Analysis, Parallel Computing, Object Recognition, MANET, Cloud Computing, Internet of Things, Network Security, Information Security and Bigdata Analytics. The Department also offers Courses on Computer Science for all UG & PG programmes of GRI. The Faculty of the Department handle funded research projects by UGC, ICMR and DST and presently 3 funded projects to the tune of more than Rs. 2 Crores have been carried out. In recognition of its research credentials, the Department has received funds under UGC-Special Assistance Programme (Rs.41 Lakhs) and DST-FIST Level-I (Rs.45 Lakhs). To disseminate the knowledge on Computer Science & Information Technology, the Department has successfully organized One International Conference, Five National Conferences, one national level workshop and a Refresher Course. As part of its Extension activities, the Department promotes Computer Literacy and Education among the rural school teachers and students. It is also involved in devising and developing expert systems for rural development. The Department is a recipient of the under UGC Indo-US Knowledge Initiative Award as 2015, with a funding outlay of 1.25 crores. The department is a Lead zonal partner in the prestigious nationwide project leadingindia.ai in collaboration with Bennett University, New Delhi. Royal Academy of Engineering., UK. Under this initiative. The department consistently at its best efforts to disseminate knowledge through periodic workshops and training programmes on the principles and practices of Artificial Intelligence, Machine Learning and Deep Learning among the academic and research community of GRI and beyond. The number of postgraduate students this year is 132 and the number of UG students is 169 for a total number of students 301.

- ❖ Digital Image Processing
- ❖ Internet of Things
- ❖ Medical Image processing & Analysis

## Centre for Rural Technology

### Profile

The Centre for Rural Technology was established in the year 1987 with focus on promoting cost effective building technologies in Rural Housing with the following objectives

- ✓ Develop appropriate / Alternate Habitat technologies and delivery systems.
- ✓ Collaborate with the government for habitat development through sustainable technology plans.
- ✓ Develop youth cadres for Science & Technology delivery and transfer.
- ✓ Academic course was started with B.Tech Rural Technology in 1987, upgraded to B.Tech Civil programme from 2005 onwards.

### Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	Ph.D in Civil Engineering	2002
2	B.Tech Civil Engineering	2005

### Faculty Members with Designation

## Centre for Applied Geology

### Profile

The “Centre for Applied Geology” was created during the UGC XI<sup>th</sup> Plan period (2012). In 2012, the Centre for Applied Geology started offering PG- Diploma in Applied Geology and Geomatics and Ph.D in Geology Programmes. In 2013, the PG Diploma course has been elevated to M.Sc. Applied Geology and Geomatics with support under UGC innovative programme. Since 2018 onwards, the Centre started offering B.Sc. Geology and M.Phil- Geology Programmes. A certificate course on Disaster mitigation and management is offered from 2019-20 academic onwards. Within a short span of time, The Centre for Applied Geology has mobilized about Rs.1.9 crores through sponsored Research projects from University Grants Commission (UGC), New Delhi, Council of Scientific and Industrial Research (CSIR), New Delhi, Department of Science and Technology (DST), New Delhi, Anna Institute of Institute of Management (AIM), Chennai and Indian Space Research Organization (ISRO), Bangalore.

## SCHOOL OF AGRICULTURE & ANIMAL SCIENCES

### Profile

The School of Agriculture and Animal Sciences is one of the oldest faculties established in the year 1956 with a vision of rural development through the production of man power in Agriculture and allied sectors. With this in view, the School of Agriculture and Animal Sciences is offering two major programmes in Agriculture viz., B.Sc. Agriculture (Hons.) and Diploma in Agriculture.

### Vision

- To develop the School of Agriculture and Animal Sciences as a national centre with regional focus winning reputation for academic excellence in Agricultural Education and Research that would catalyze knowledge based Agricultural growth and development. Every student is inspired to learn and empowered to excel.
- To create, transmit and apply agriculture technology to ensure sustainability in agricultural production in this era of climate change for improving the quality of life of farming community of this region.
- To impart value based agriculture education and to generate agriculture graduates with ethical and moral values who will be change agents for Integrated Rural Development.

The thrust areas would also include Indigenous Knowledge, Better Farming and Farm Technology Transfer, Agro-Engineering and Organic Farming and Sustainable Agriculture.

### Academic Programmes Offered

S.No.	Programme	Year of Introduction

## Deen Dayal Upadhyay – Kaushal Kendra

### Profile

The University Grants Commission (UGC) has launched a specific scheme towards skill development education as part of college/university education, leading to award of Bachelor of Vocation (B.Voc.) Degree (Three Years). The programmes have multiple exits such as Diploma (one year), Advanced Diploma (Two Years) and Degree level (3 years) under the National Skill Qualification Framework (NSQF). In tune with the Government of India's skill mission, Deen Dayal Upadhyay Center for Knowledge Acquisition and Upgradation of Skilled Human Abilities and Livelihood (KAUSHAL) was established in GRI in September 2015. The B.Voc. Programme is focused on skill development of student youth in universities and colleges, providing undergraduate studies which would also incorporate specific job roles and their National Occupational Standards (NOS) along with broad general education. This would enable the graduates completing B.Voc. to make meaningful participation in accelerating India's economy by gaining appropriate employment, becoming entrepreneurs and creating a pool of manpower with skills.

### Vision

- Training rural youth through skill based vocational programmes

### Mission

- Developing skills in specific areas to meet the industrial needs
- Enhancing linkages between higher education and industries
- Serve as a finishing school through modular training programmes

### Academic Programmes Offered

S.No.	Programme	Year of Introduction
1.	B.Voc Farm Equipments Operation and Maintenance	2015
2.	B.Voc Footwear and Accessories Design	2015
3.	B.Voc Dairy Production and Technology	2017

7.	Dr. M. Sankaramoorthy	Tech. Assistant & Joint Coordinator, B.Voc. (MMPT)
8.	Dr.N. Palaniappan	System Analyst & Joint Coordinator, B.Voc. (MMPT)

### Thrust Areas of Research

- ❖ Creating technical manpower to meet industrial requirements
- ❖ Developing entrepreneurial skills to become entrepreneur
- ❖ Bio Fuel from Bio Wastes
- ❖ Alternative Fuels
- ❖ Create opportunities for self / wage employment
- ❖ HHO Generator – Mileage boosting for IC Engines
- ❖ Electric Cycle

## Dr.G.Ramachandran Library

### Profile

The Gandhigram Rural Institute Library was established in 1956 and it is moved to the present building during 1987. The Library is named after the Founder Vice-Chancellor Dr. G. Ramachandran and the plinth area of Library is 14338 Sq.ft. It has more than 1.79 lakh books and it subscribes 284 Indian journals in print. It has other documents like Theses, Dissertations, Project Reports and bound volumes. It has computerised circulation system and provided with OPAC facility to search and know the status of documents. KOHA Open Source Software integrated with RFID Technology. Kiosk and Drop Box devices are used for issuing and returning of books. Theses of the institutes are regularly updated to INFLIBNET – Shodhganga Portal.

The Institutional Repositories is created with Greenstone Digital Library Software for Ph.D Theses and Question Bank etc. The e-ShodhSindhu (Online Journals) and e-books facilities are provided to the users with remote access. A separate Digital Knowledge Centre with 40 Computers are available for e-resources access.

## National Service Scheme

### About GRI NSS Cell

A team of dedicated disciples and contemporaries of Mahatma Gandhi, Dr.T.S.Soundaram and Dr.G.Ramachandran established The Gandhigram Rural Institute in 1947. The Gandhigram Rural Institute was created to promote rural development. Today, it has become a nationally and internationally recognized university for its contribution to rural higher education.

The NSS (National Service Scheme) Cell in the Gandhigram Rural Institute (Deemed to be University) was started in the academic year 1979-1980. It has organized several programmes to tune the personality of the student volunteers to make them responsible for rural development. The unique feature of NSS in GRI is that all the students studying Diploma, Undergraduate, and Postgraduate (except for one-year programmes) are NSS volunteers. There are 19 NSS units in the GRI NSS Cell. Shramadhan, tree plantation on campus and in the adopted villages and blood donation to the people admitted to the Kasturba Hospital, Gandhigram and Government Hospital, Dindigul are regular features. Other important Regular Programmes organized from April 2020 to March 2021 were the celebrations and observations of the days of National importance (NSS day, International yoga day, unity day, Swachhata Pakhawada, Quit India Movement, etc.), personality development programmes for volunteers, rally on social issues, training programmes on disaster management, skill development programmes, implementation of Swach Bharat Mission in GRI, Youth employment skills development programme and awareness programmes on health care etc.

The NSS Cell of GRI has conducted 14 Special Camps during the year 2021-2022. These camps were conducted in the UBA villages of GRI. The detailed list of activities carried out under Regular Programme and Special Camps during the academic year 2021-2022 is presented in this consolidated report

## Day 1 (23.12.2021)

Before the inaugural session, a brief introduction about the winter camp was given to the participants to get them acquainted with the camp. Dr. Siby K. Joseph, Director JBMLRC, guided the students. The inaugural function was held on the 23<sup>rd</sup> morning at Yatri Niwas, Sevagram. The Camp began with the reciting of Mahatma's favorite Bhajan. Shri TRN Prabhu, President of Sevagram Ashram Pratistan welcomed the participants of the camp. In his introductory remarks, he briefly explained the last will and testament of Gandhi and how Sarva Seva Sangh and Sarvodaya Samaj were formed after the assassination of Mahatma to carry out his mission. Shri Chandan Pal, President of Sarva Seva Sangh inaugurated the camp by lighting the traditional lamp. The dignitaries and resource persons present on the occasion and representatives of students also joined him in lighting the lamp.

### Inaugural Address – Shri Chandan Pal

In his inaugural address, Shri Chandan Pal stated that Gandhi was not a philosopher like Karl Marx and others. While sharing his experience in the field he stated that though he was engaged in Tsunami relief work, Naxal affected areas, the most memorable was Kokrajhar peace mission in Assam bringing the warring communities into the path of peace. The source of inspiration for this work was Gandhi's peace mission in Calcutta which was described as "the Miracle of Calcutta". He also shared the experience of cycle yatra from Kokrajhar to Kashmir with youngsters to spread the message of this mission. It was followed by a question-answer session. Dr.D. John Chellaurai, Professor and HOD, Department of Gandhian Studies, Mahatma Gandhi Mission University, Aurangabad, Shri Bhujang Ramrao Bobade, Founder, Heritage Foundation, Jalgaon.

### Philosophy and Contemporary Relevance of Sarvodaya

Following the introductory and inaugural session, Shri TRN Prabhu, President of Sevagram Ashram Pratishthan, addressed the students on the philosophy and contemporary relevance of Sarvodaya.

### An introduction to the Life of Gandhi

In order to get acquainted with the life of Gandhi and India's struggle for freedom the documentary viz. Mahatma Gandhi: Life of Gandhi was screened in two parts. This documentary was directed by Vithalbhai K. Jhaveri and produced by the Gandhi Memorial Fund in collaboration with the Films Division, Government of India. In the course of more than two hours, the participants could get a bird's eye view of Gandhi's life and India's unique struggle for freedom based on nonviolence under his guidance.

### Concurrent Group Discussion Sessions

In the last session of the first day, the participants were divided into three groups and Concurrent Group Discussion sessions were held in three halls of Yatri Niwas. Each group selected a topic of contemporary relevance and participants were asked to reflect on the theme. This provided them an opportunity to interact with each other and express their viewpoints on the theme. Dr. John Chelladurai, Shri Bhujang Ramrao Bobade, Dr. M. Arunachalam and Dr. Siby K. Joseph guided the students during the Concurrent Group Discussion sessions.

## Day 2 (24.12.2021)

### Fundamentals of Gandhian Thought: Nonviolence as the basis of Truth

On the second day of the camp Dr. D. John Chellaurai, Professor and HOD of Gandhian Studies, Mahatma Gandhi Mission University, Aurangabad shed light on the fundamentals of Gandhian Thought viz. Truth and Nonviolence. The speaker identified different levels of violence/non-violence. He classified them as: passive non-violence and active or dynamic nonviolence.

### Misconceptions about Mahatma Gandhi

In order to remove the common misconceptions, Gandhi's relationship with some prominent personalities were analysed during the second day of the winter camp. Shri Bhujang Bobade, Director of Heritage Foundation, Jalgaon guided the discussions. Shri Bhujang Bobade in the course of his presentation threw light on the relationship between Gandhi and Ambedkar with the support of historical facts and the literature produced by scholars who have made a systematic study about these two great

personalities. He brought into the limelight Gandhi's adherence to an idealized system of varṇāśramadharmā and his uncompromising attitude towards untouchability and stand against vivisection of people on the basis of caste. While analyzing the execution of Bhagat Singh and Gandhi's attempt to save his life, Shri Bhujang Bobade stated that these two personalities belonged to entirely different schools of thought, one based on violence and another on nonviolence. Shri Bhujang Bobade also discussed the intricacies of complex relations between Gandhi and Subash Chandra Bose. In the last part of his presentation, he dealt with the question of Gandhi a sympathizer of Muslims and the partition of India.

### **Christmas Eve Celebration**

The second day of the winter camp concluded with began with Christmas Eve Celebration. The celebration began with a brief message from Shri TRN Prabhu, President of Sevagram Ashram Pratishthan, Wardha about the message of Jesus Christ. It was followed by the performance of certain programmes which were unique to different states of India. Every participant tried to present the best in their States and it was a unique display of Unity in the diversity of our country.

### **Day 3 (25.12.2021)**

#### **Peace Walk**

On the third day of the camp, a Peace Walk was organized in the premises of Sevagram Ashram Pratishthan with five stops. In each stop one of the five basic elements in nature viz. earth, water, fire, air, and space was explained and how it is represented in our body and its interconnection with nature. The purpose of this walk was to understand the laws of nature which govern the universe and how we are integrated with nature and the interconnectedness of all living organisms. At the end of the walk, a sharing of experiences of the walk was organized to understand the specific learning from the exercise and how they use this knowledge to lead a meaningful life with greater social responsibility. The sharing at the end of the walk helped us to know that as a result of the exercise their sensitivity, awareness and mindfulness of the participants were taken to a higher level. Dr.D. John Chellaurai served as the facilitator of the peace walk. Shri TRN Prabhu, Dr. Siby K. Joseph and Shri Bhujang Bobade also took part in the peace walk along with the participants.

#### **Practical demonstration of Soap Making**

A special session / practical demonstration of soap making was arranged with the help of Mahatma Gandhi Institute of Rural Industrialization, Wardha. Mrs. Uma There of Chemical Industries Section of Mahatma Gandhi Institute for Rural Industrialization, Maganvadi, Wardha explained to the participants how to make handmade and transparent soap which everyone can learn without any difficulty. It was followed by a practical demonstration. Sri. Ganesh There of Mahatma Gandhi Institute for Rural Industrialization explained to the

students the various activities of the institution.

#### **Field Visit**

A field visit to the ashram and constructive work organizations in Wardha and other places of historic importance was arranged on the third day. The students visited the Charkha Griha premises at Sevagram Road and saw the largest Charkha, statues of Acharya Vinoba Bhave made out automobile scrap material. In the Charkha museum, we saw documentaries related to Khadi and the 3D documentary on Gandhi. On the way to Wardha, we saw a Christmas crib of the Church. We visited Magan Sangrahalaya, the museum inaugurated by Mahatma Gandhi himself in 1938. A brief history and present activities of Magan Sangrahalaya were explained to us. In the museum, we saw display of various kinds of Charkhas, khadi, and village industries. They also visited well-known Gandhian economist J. C. Kumarappa's hut. Then students went on a walk to have an overview of the All India Village Industries Association which is now on the campus of the Mahatma Gandhi Institute for Rural Industrialization. Then we visited Goras Bhandar and saw the making of Goras Pak (biscuits).

**REGISTRAR**

The next stop was Laxmi Narayan Mandir Wardha. It was the first temple to open its gates to untouchables on 17th July 1928 at the initiative of Jamnalal Bajaj Bhawe. Then the participants visited the Centre of Science for Villages, Dattapur. We visited different sections and had the opportunity to see the process of making handmade paper and boards. The last stop was Brahma Vidya Mandir, Paunar. This ashram at Paunar was set up by Vinoba Bhawe in 1938. The students saw the room used by Vinoba and 1500-year old sculptures of Ganga, Ram-Bharat Bhet (union), and other numerous sculptures which Vinoba got while digging the land for agriculture.

#### **Day 4 (26.12.2021)**

##### **Why should we wear Khadi?**

On the fourth day of the camp, Dr. Ulhas Jajoo (MD), a medical practitioner associated with Mahatma Gandhi Institute of Medical Sciences, Sevagram discussed the philosophy of Khadi and its significance in the decentralized economic order visualized by Mahatma Gandhi.

##### **Peace and Sarvodaya**

In the ensuing session, Dr. D. John Chellaurai reflected on the concept of peace and how we can achieve peace through the ideals of Sarvodaya. He began his session by inviting the response of the participants to the question. What is the meaning of peace according to you? The participants equated it with stability, peaceful state of mind, satisfaction/fulfillment of basic needs, dignified living, absence of violence in all forms, harmonious and peaceful solution of conflicts, presence of conditions of negative and positive peace, presence of positive values, and so on. In this discussion, the main points that emerged were security for the sustainability of life, positivity, accomplishment, a state of joy within, a situation in which we find solutions for our problems, when the people or friends are happy because of our actions, fulfillment of expectations, mutuality and absence of stress etc.

##### **Revisiting Development: A Gandhian Perspective**

Dr. Siby K. Joseph, Director of Sri Jamnalal Bajaj Memorial Library Research Centre of Sevagram Ashram Pratishthan in his presentation stated that the term development has been a major concern for economists starting with Adam Smith to the pioneers of modern economics. The speaker referred the major initiatives like the United Nations Conference on the Human Environment (Stockholm Conference 1972 ) and the launch of the United Nations Environment Programme, the establishment of the World Commission on Environment and Development 1983.

##### **Sevagram Ashram Darshan**

In the evening the students were taken on a guided tour to the premises of the Ashram. A brief history and significance of each hut were explained to them. It provided us an opportunity to have a close look at the premises of the ashram and the Talim premises. Dr. Siby K. Joseph and Dr. John Chelladurai guided the students during the visits and also shared anecdotes during their stay in the Ashram as students.

##### **Philosophy of Constructive Programme an**

## Krishi Vigyan Kendra

### Profile

KVKs are grass root level organizations meant for application of technology through assessment, refinement and demonstration of proven technologies under different 'micro farming' situations in a district.

Krishi Vigyan Kendra, Gandhigram a technology transfer centre for Agriculture and allied areas like Horticulture, Animal Husbandry, Home Science and forest production was started functioning from 7<sup>th</sup> July 1989. This scheme sanctioned by ICAR accepting the proposal submitted by the School of Agriculture and Animal Sciences of Gandhigram Rural Institute – Deemed University in the year 1987. The financial support is given by the Indian Council of Agricultural Research, New Delhi. Our Kendra caters the needs of the farming community, Self Help Groups, Rural Youths, farmers produce organization and extension personnel of Dindigul District, through various programmes like trainings, On Farm Testings, Front Line Demonstrations and Advisory services. This kendra has established various demonstration units with emphasis to exhibit the recent technologies in Agriculture, Horticulture, Animal Husbandry, and Home Science enterprises so that, year round income can be generated by the farming community.

### Mandated Activities:

- Conducting on-farm testing to identify the location specificity of agricultural technologies under various farming systems.
- Organizing frontline demonstrations to establish production potential of various crops and enterprises on the farmers' fields.
- Organizing need based training of farmers to update their knowledge and skills in modern agricultural technologies related to technology assessment, refinement and demonstration, and training of extension personnel to orient them in the frontier areas of technology development.
- Creating awareness about improved technologies to larger masses through appropriate extension programmes.
- Production and supply of good quality seeds and planting materials, livestock, poultry and fisheries breeds and products and various bio-products to the farming community.

## Unnat Bharat Abhiyan

*"If we have to build the nation, we have to start from the village"*  
- Hon'ble Prime Minister Sri. Narendra Modi

Unnat Bharat Abhiyan (UBA) is a movement to connect Higher Education Institutions with local communities to address rural India's development challenges through appropriate technological interventions. UBA was introduced with the Invitation Mode in which Higher Educational Institutions in the country were invited to be Participating Institutions (PIs). Indian Institute of Technology, Delhi is the National Coordinating Institute for UBA. To facilitate, guide, and monitor the activities of the PIs in the Southern Districts of Tamil Nadu, the Gandhigram Rural Institute (Deemed to be University), Gandhigram has been identified as one of the Regional Coordinating Institutions (GRI-RCI).

There are 137 PIs attached to GRI- RCI. Apart from field visits, we have organized Orientation Workshops, Internship (Both online and offline), Project Proposal Development Workshop, Skill Training Programme, School Education and Health Awareness Programmes during the year 2021-22 with the active participation of PIs in this Region and the guidance of National Coordinating Institute, UBA. The PIs also organized several programmes UBA villages. All these programmes focused on SDGs and the themes of UBA. This Annual Report details about the works carried out by GRI-RCI during 2021-22.

All these achievements are feasible because of the wholehearted support and motivation of the Authorities of GRI. I sincerely thank Vice-Chancellor, and the Registrar, The Gandhigram Rural Institute (Deemed to be University) for their support and motivation to organize these programmes under UBA.

I record my sincere thanks to Prof. Virendra K. Vijay, National Coordinator, UBA, for his untiring encouragements to make UBA a national-level movement. I thank the team members of UBA, Prof. Vivek Kumar - SEG Coordinator, Prof. Priyanka Kaushal, SEG Coordinator, Prof. Ajay Saini, Mr. Rahul Choudhary, Ms. Bharthi Jasrotia, Ms. Prerna, Mr. Chakrabhusan Pandey, and other members of the team for their cooperation and support. It is a pleasure to express my gratitude wholeheartedly to the Coordinators of PIs, who willingly shouldered the responsibilities to make UBA as a movement for village development in Southern Tamil Nadu.

*University will be a multidisciplinary institution of higher learning that offers undergraduate and graduate programmes, high-quality teaching, research, and community engagement... Institutions can set their strategic goals in their own words for fostering more significant engagement with the local community... Institutional leaders will aim to promote a culture of excellence that will motivate and incentivize outstanding and innovative teaching, research, institutional service, and community outreach from faculty members*

- National Education Policy 2020

### Introduction

The Ministry of Human Resource Development, Government of India has launched the Unnat Bharat Abhiyan (UBA) as a movement to connect Higher Educational Institutions (HEI) with local communities to address the development challenges of rural India through appropriate technological inventions. UBA aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and upgrading the capabilities of both the public and the private sectors in responding to the development needs of rural India. The HEIs in the country are encouraged to join UBA. The primary responsibility of UBA cell in HEIs will be to develop linkages with selective rural clusters, involve in the planning process, and promote the requisite interventions to improvise and expedite the developmental efforts in those clusters towards indigenous and sustainable rural development. In this context, the Gandhigram Rural Institute (Deemed to be University), as Regional Coordinating Institute, UBA, actively participated and organized several UBA programmes. This document reports on the programmes organized during the year 2021-22.

## Virtual Internship Programme on Sustainable Development Goals and Community Engagement

India has given its strong commitment to the achievement of Global Sustainable Development Goals (SDGs) 2030. NITI. Aayog sets the high-level framework and monitors progress at the national level. The National Education Policy 2020 stresses the importance of alignment of the Education System with the Global SDGs. The University Grants Commission has published National Curriculum Framework and Guidelines on Fostering Social Responsibility & Community Engagement in Higher Educational Institutions in India, providing a framework for student involvement in community engagement.

In this background, and as a part of the regular programme, GRI-RCI organized a Virtual Internship Programme on 'SDGs and Community Engagement' from 2.8.2021 to 25.8.2021. Three thousand nine hundred fourteen participants (faculty members, research scholars, and students) from the 90 UBA PIs in India participated in this programme. This Virtual Internship Programme was a 100-hour programme spread over 21 days. The programme consisted of (1) a series of lectures on various aspects of SDGs, UBA, and Community Engagement - to provide a knowledge base for the Interns on rural development issues for the first two weeks, and (2) Mini Project Work by Interns during the third week. The lectures have been made available on YouTube. Experts from GRI, Tamil Nadu Agricultural University, Coimbatore, National Institute of Rural Development & Panchayati Raj, Hyderabad, National Institute of Technical Teachers Training and Research, Chandigarh, NCI, UBA, Indian Institute of Technology, Delhi served as resource persons. The resource materials of NITI Aayog, Government of India, UNDP, and Publications of University Grants Commission on SDGs and Community outreach were extensively used. Prof.V.K.Vijay, National Coordinator, UBA, inaugurated the Programme at 10 am on 2.8.2021 in the presence of Dr.S.Madheswaran, Vice-Chancellor, and Dr. V.P.R.Sivakumar, Registrar, GRI. Dr.G.Narendra Kumar I.A.S., Director General, National Institute of Rural Development & Panchayati Raj, Hyderabad, delivered the Valedictory Address at 10 am on 26.8.2021. This programme was organized in collaboration with the NCI, UBA, IIT, Delhi. Through this programme, GRI - RCI trained 3914 students/ research scholars/staff across the country on SDGs, UBA, and community engagement.

This Internship highlighted the importance of SDGs, community engagement, and societal wellbeing and introduced theory and methods related to community extension. The Internship also explored approaches to research and professional practice designed to stimulate social development through community engagement. After completing this Internship, the participants were able to (1) learn to value the local knowledge and wisdom of the community, (2) foster a sense of social responsibility and empathy for the community as a whole, (3) gain an understanding of rural life, culture, and social realities, (4) appreciate significant contributions of local communities to Indian society and economy, (5) learn to value the local knowledge and wisdom of the community, (6) exposed themselves towards adoption of technologies with a human- face; inter-mediate technology that does not replace man, to reduce the drudgery involved, rather than advanced technologies that replace man, (7) understand the connecting link between SDGs and schemes and programmes of the Government, and (8) identified opportunities for grounding the development schemes to foster the community's livelihood. For organizing this programme, a committee with the following members has been constituted with the approval of the administration of GRI by giving representation to the nature of the PIs in this region. The Programme schedule is given in annexure -1.

#### Virtual Orientation Workshop on Farm Extension services in UBA Villages

A District Specific Virtual Workshop on Farm Extension services in UBA villages for the UBA Coordinators of Ramanathapuram District was organized on 31.8.2021. The same programme for the UBA Coordinators of Theni District was organized on 3.9.2021. Farm experts from NGOs were invited to share their knowledge and experiences in farm extension. A participatory approach was adopted in conducting this workshop. All the UBA Coordinators in these Districts were invited to share their experiences regarding the need for farm extension in their adopted villages and the support of the farmers. The Coordinators were also exposed to the schemes and programmes of the Government for farm and non - farm sector development in these Districts.

### **Self-Employment Generation for Youth and Women**

Investing in entrepreneurship can create an entrepreneurial mindset, which eventually translates into developing an entrepreneurial orientation among youth and women. Practical entrepreneurship training is a prerequisite to empowering rural youth and women with the knowledge and ability to 'fish rather than just giving them a fish. Also, the broader objective is to increase the number of individuals starting self employment ventures based on local systems of flora and fauna and developing an entrepreneurial culture to reduce poverty (Sustainable Development Goal - 1) and to play a key part in reducing inequalities within and among societies (Sustainable Development Goal -10). In this direction, as well as as a part of the Ministry of Rural Development, Government of India's National Rural Livelihoods Mission (NRLM), and as an effort to provide self-employment opportunities during this pandemic situation, the beekeeping training programme was organized for the members of Bathrakaliamman Women SHGs in Sivathiyapuram, Thoothukudi District on 20.9.2021. Beehive boxes were installed in the places of the members. The first collection of honey started at the end of October 2021. Further to providing self-employment to rural youth, a Joint Liability Group was formed among ten rural youth, and they were given technical training on mushroom cultivation. Mushroom farms have been established in the places of the members in the UBA villages. This programme was being organized by UBA unit of Kamaraj College (AISHE Code: C- 41209), Thoothukudi. Also, an effort had been made to enroll these groups as members of Primary Agricultural Cooperative Credit Society Ltd., Sivathiyapuram, to avail of all banking facilities.

### **Evening Tuition for Village School Children**

Two Solar Street Lights were installed in the UBA village - Kalangari, by St. Mary's College (Autonomous), Thoothukudi (AISHE Code: C-41151). These lights were installed under Perennial Fund Assistance, which was awarded to this college. These lights are useful for conducting evening tuition classes every day by the UBA volunteers and the faculty members of this college for the benefit of Primary School Children at Kalangari and West Tsunami Colony, Thoothukudi District. The classes have been conducted daily by UBA student volunteers for the rural kids in the evening for about 2 hours. Due to COVID, these kids have had no classes for the one and half years. As the parents were unable to teach and guide the kids to learn subjects efficiently, this initiative had motivated the rural children to continue their studies. The UBA student volunteers handled classes for these kids and encouraged them to understand the subjects thoroughly. Special attention is given to learning basic Hindi, English, and Mathematics.

### **School Health Programme**

COVID-19 and its impact on students' mental and physical health was widely recognized worldwide. It has shown us how the rules we adopt in educational institutions quickly lose relevance as they have changed almost overnight and brought a new focus on good health and wellbeing. This pandemic should be a wake-up call for UBA. In this direction and as part of the Ministry of Ayush, the Government of India - Azadi ka Amrit Mahotsav - Ayush Awareness Programme (Online and Off-line) has been organized across the State of Tamil Nadu with the help of Ayush Doctors. The objective of this programme was to facilitate the school students to be physically and mentally fit during this pandemic period. During the programme, the Ayush Doctors explained to the students about health and hygiene, preventive measures such as social distancing, hand washing, use of mask and sanitizers, and others. The question and answer time facilitated the students to get information about programmes available for higher studies in the Ayush system. This programme covered 100 schools across Tamil Nadu. Dr.Priyanka Kaushal Co-PI, National Coordinating Institute, UBA, IIT, Delhi, served as Chief Guest for 50th School Programme held online in Government Middle School, Thangalachery, Madurai District, and inaugurated the programme at 10.30 am on 6.9.2021. For 75th School Programme Prof.Vivek Kumar, Co-PI, National Coordinating Institute, UBA, IIT, Delhi, served as Chief Guest and inaugurated the programme at 10.30 am on 15.9.2021. This programme was conducted online at Bharat Ratna Kamarajar Matric Higher Secondary School, Thoothukudi.

The 100<sup>th</sup> School Health Programme was conducted online on 29.9.2021. Arka - The Green School, Andoor, Kanyakumari District. Dr.V.P.R.Sivakumar, Registrar, The Gandhigram Rural Institute (Deemed to be University), Gandhigram, Dindigul, presided over the function. Prof.V.K.Vijay, National Coordinator, UBA, inaugurated the programme. Dr. Tarkeshwar Jain, President, Homoeopathy Education Board, Secretary-in-charge, National Commission for Homoeopathy, Ministry of Ayush, Government of India, New Delhi, delivered a special address. Dr.N.Karthikeyan, Nodal Officer, Azadi Ka Amrit Mahotsav, Tamil Nadu, and Dr.R.Kalaiarasi, Principal, Arka - The Green School, Indoor, offered felicitations. Earlier,

Dr.N.V.Sugathan, Principal / Coordinator, U.B.A., SKH Medical College, Kulasekharam, presented a report on this series of programmes. Prof.K.Ravichandran, Regional Coordinator, welcomed the gatherings. This programme was streamed live on YouTube [https://youtu.be/\\_Lnn2alo1FQ](https://youtu.be/_Lnn2alo1FQ). The School Health Programme was being organized by Sarada Krishna Homoeopathic Medical College, Kulasekharam (AISHE Code: C-45616), in collaboration with GRI-RCI. The Coordinators of PIs in this Region have supported organizing the programme effectively in the schools of UBA villages.

#### **Virtual Orientation Workshop on UBA for the Coordinators of PIs in Southern India**

A Virtual Orientation Workshop on UBA for the Coordinators of PIs in Southern India was organized on 24.9.2021. The primary objective of this Virtual Programme was to enhance the capacity of the Coordinators of PIs to plan, execute and monitor rural development projects by engaging the community in their UBA villages to build the architecture of an inclusive India. The Programme was commenced at 10 am on 4.9.2021. One eighty-one participants from PIs and Regional Coordinators of South India (Andhra Pradesh, Karnataka, Kerala, Tamil Nadu, and Telangana) participated in this workshop. Initially Prof. K. Ravichandran, Regional Coordinator, GRI - RCI welcomed the participants and explained the workshop's purpose. He said that the workshop would orient the newly enrolled Coordinators on how to carry out the household and village survey, submit project proposals to SEG, and various strategies that could be adopted in community engagement. Dr.T.T.Ranganathan Vice Chancellor i/c, of The Gandhigram Rural Institute (Deemed to be University), Gandhigram delivered the presidential address. He briefly explained the vision and mission of UBA. He appreciated the efforts taken by RCI-UBA such as Arogya Series – Awareness programme on Covid 19, the School health programme, Virtual Internship Programme, and livelihood generation programmes. The National Coordinator, UBA, Prof. Virendra Kumar Vijay, inaugurated the workshop and explained the structure and functioning of PIs, Regional Coordinating Institutes, and Subject Expert Groups. He mentioned that UBA had signed MoUs with many leading institutions, such as CSIR, TRIFED, etc., to serve the villages better. He urged the newly joint institutions to work with motivation to take technologies to the villages and improve the village economy by coordinating with all supporting institutions. Dr. S. Kavitha Maithily, Coordinator, UBA-GRI, proposed a vote of thanks. In technical sessions, Dr. R. Ramesh, NIRD&PR, Hyderabad, delivered a lecture on 'Proposal development and programme convergence possibilities'. He explained about the proposal writing for UBA Projects, process of data collection, Planning for a Model Village and functioning of Gram Panchayats. Dr. Priyanka Kowshal, National Coordinating Institute, IIT, Delhi, handled the second session on "UBA Framework of Action Plan for PIs, funding, and convergence". She explained the strategies in framing Action Plans, funding, and convergence possibilities. The third session was handled by Prof. K. Ravichandran Regional Coordinator of GRI - RCI, about "the Role of HEIs in SDGs and Community Outreach". The session was about the Sustainable Development Goals and how they could be achieved in the villages through UBA programmes. Dr. S. D. Sivakumar, Regional Coordinator, TNAU, delivered a lecture on "Innovation, Incubation, and Start-up through UBA". He explained the challenges and opportunities in agriculture and the means and ways of bringing economic stability through incubation center. At 3.30 pm a question and answer session was held. Mr. Rahul Choudhary and Ms. Bharthi Jasrotia, from NCI cleared the doubts of Coordinators of PIs regarding villagesurvey, submission of Project Proposals to SEG and the alike. In the Valedictory Session, Dr.S. Kavitha Maithily, Coordinator, UBA - GRI presented the report of the programme. Dr.V.P.R.Sivakumar, Registrar, GRI delivered the Valedictory address and congratulated all the newly enrolled institutions. Prof. K.Ravichandran, the organizer of the virtual workshop, proposed a vote of thanks.

#### **Village Internship Programme for UBA Volunteers**

As a part of Azadi-Ka Amrit Mahotsav, a Village Internship Programme (offline) was organized from December 2021 to February 2022. The fundamental objective of this programme was to enable the medical students to comprehend and relate classroom learning to field realities through identifying health issues and problems in UBA villages and providing affordable medical care services to the people. This Programme was implemented in eleven districts of Southern Tamil Nadu. This Programme consisted of four faces. (1) A batch of UBA PIs and UBA villages in Southern Tamil Nadu were selected for placing students as Interns (2) Medical students were placed as Interns in these UBA villages (3) Students undertook a survey to assess the health status of the people and health care services available to the UBA villages. (4) Sensitize rural households, the school students, women SHGs, and other user groups in the UBA villages on the importance of good health and wellbeing and undertake appropriate medical intervention through (a) School Health Awareness Programme, (b) Telemedicine, and (c) organized other

need-based programmes. This programme was virtually inaugurated at 9.30 am on 06.12.2021. Dr.T.T.Ranganathan, Vice Chancellor i/c, GRI, Gandhigram delivered a welcome address. Prof.V.K.Vijay, National Coordinator, UBA, gave the presidential address. ### Digital Initiative Undertaken Unnat Bharat Abhiyan

During the Pandemic situation, UBA, GRI realized the need for online extension activities. The digital divide is impacting the capacity of rural children to learn and develop without internet access; students cannot build the required technical skills as that of urban children. Realizing this urgent need, Dr.S. Kavitha Maithily, Coordinator UBA took initiatives in mobilizing 100 computers from Cognitive Technology Solution (CTS), Coimbatore. As corporate social responsibility CTS donated 100 computers worth Rs. 5 lakhs to GRI to carry out outreach activities through digital mode. With the computers mobilized the following activities were carried out.

### Centres established at GRI

1.	UBA Training Centre cum UBA office.	25 computers	To train Student volunteers to develop projects based on rural problems and to promote multidisciplinary research.

## Swachh Bharat

The Swachh Bharat or Clean India Mission was conceived by the Hon'ble Prime Minister, Sri Narendra Modi to motivate and galvanise Indian citizens from all walks of life to achieve by 2019 Mahatma Gandhi's dream of a clean India. The Mission, visualized as a thanksgiving offering of the Indian populace to the Father of the Nation on his 150<sup>th</sup> birth anniversary, envisages a mass upsurge for ensuring cleanliness all across the country and the gradual emergence of an unsullied India through the reorientation of individual and collective habits. In response to the noble call of the Swachh Bharat Mission, the following Swachhata Hi Seva programmes were conducted.

- ❖ Compost Yard Activities
- ❖ Muster Roll Activities
- ❖ My Waste My Responsibilities
- ❖ Door To Door Collection Activities
- ❖ Secondary Collection
